DESCRIPTION ELV Tactile switch with LED

BOX QUANTITY 20 **OUTER QUANTITY** Nil

FEATURES

Front loading module.
Fits standard 500 series and 600 series switch plates.
LED available in either green or red.
10mA rating at 24V DC.
50mA rating at 12V DC.
Momentary contact, normally open.
No deeper than a 600 series plate which allows easy flush mounting.

APPLICATIONS

Switching of control type wiring systems.
LED allows status indication at point of switching within single module.
LED can also be used to indicate switch location.
