

Product End-of-Life Instructions

EVLink Parking charging station

Product End-of-Life Instructions – EoLI

Product overview

Product Range: EVLink Parking Charging Station

Marketing Model/Name: This range consists of 139W (GDP)

Size for stand-mounted station: H x L x D in mm = 1425 x 330 x 200

for wall-mounted station: H x L x D in mm = 460 x 330 x 165

Weight for stand-mounted station: in kg = 50.6 kg including packaging

for wall-mounted station: in kg = 29.0 kg for wall-mounted station including packaging

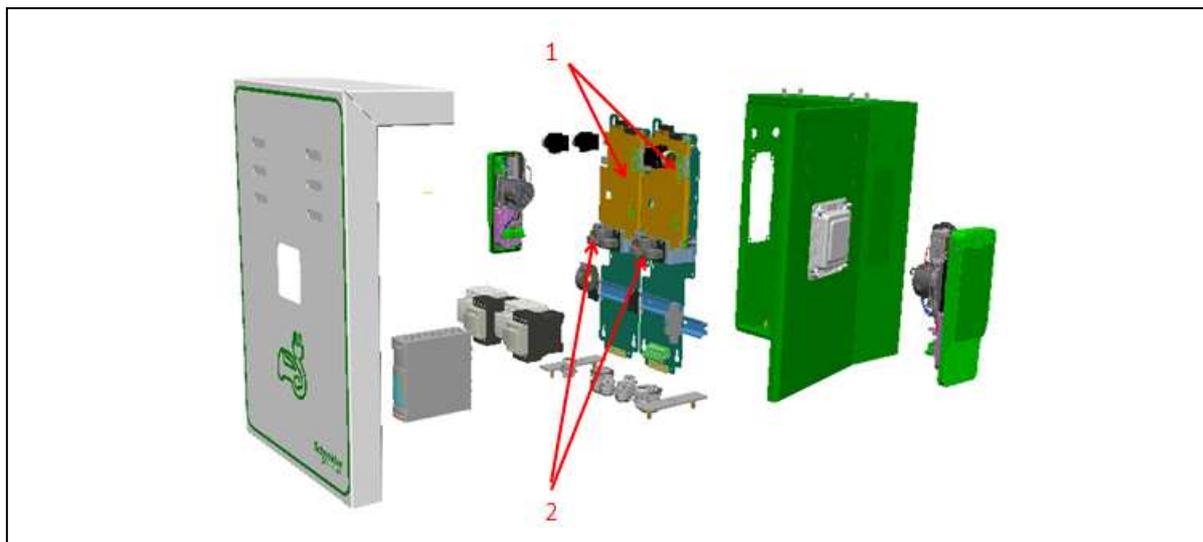

Purpose

The product family must be disposed according to the legislation of the country. This document is intended for use by end of life recyclers or treatment facilities. It provides the basic information to assure an appropriate end of life treatment for the components and materials of the product.

Operations recommended for the end of life treatment

There are several steps to process the products at the end of life so as to recover components, materials or energy : **Reuse → Separation for special treatment → Other dismantling → Shredding**

The components of the products that optimize the recycling performances are listed, identified and located hereunder.

Recommendation	Number on drawing	Components	Weight (in g)	Comment
Components listed for special treatment which improves the recycling performances				
	1	Printed circuit boards	334 g	Parking PCBA
	2	Printed circuit boards	200 g	TI PCBA

EoLI achieved with Schneider-Electric TT03 V5 procedure
