Product End of Life Instructions

WISER MICRO MODULE LIGHT SWITCH
The main function of the Relay Switch Module is the control light fittings that are specified in the user manual with regards to switching. It can be installed behind a push button insert in a flush-mounted box and the push button will be the UI to switch on or off the load. It has RF on board and can be remote controlled by a smart phone or other transmitters such as the Free Locatable Switch of the Wiser Home System.

### Potential disassembly risks

**Risk of electric shock due to electrical components containing energy (capacitors).**
