

# APC Extended Warranty

When preparation isn't enough we bring you certainty

## Certainty in a connected world

Uptime and availability are critical regardless of application. With an APC™ extended warranty you can have the peace of mind to know that your equipment will remain powered, protected and available in any scenario; because when preparation isn't enough, we bring you certainty.

### Why should you invest in an APC extended warranty?

With the purchase of an APC extended warranty, you will experience a seamless extension of the standard factory warranty by one to three years, depending on the service pack purchased. The extended warranty provides repair or replacement of your APC UPS and even covers your battery.

### 1 and 3 year options

APC extended warranties are offered in both 1 and 3 year options to give you flexibility and peace of mind.

### 7x24 technical support

Our experienced APC technical support engineers are available 24 hours a day, 7 days a week.

### Quality and reliability

All replacement parts will be factory certified and offer best-in-class quality and compatibility.

### Next Day Shipping

APC will provide next day shipment of any replacement UPS, battery, or parts.

### Free shipping

The APC extended warranty program offers you free shipping, making sure you get the replacements you need with no additional expense.

### Service warranty certificate

An E-mail Service Entitlement Certificate provides a detailed record of the service registration, along with the service expiration date so you can be prepared and confident.

\*Once you receive your physical extended warranty, please be sure to register promptly to enjoy the benefits of quick and easy replacement..

Life Is On
