

Printing - Finishing

Printing

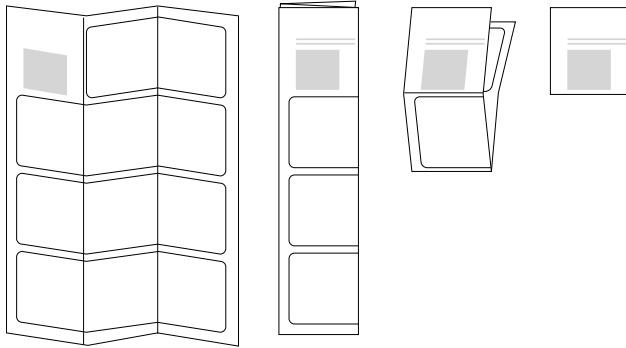

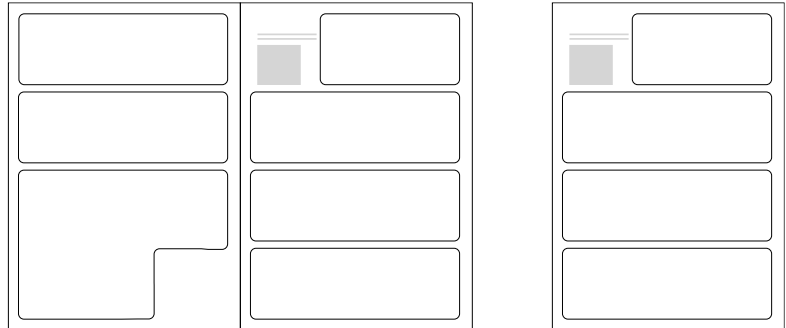

- paper weight: 60 to 80 grams.
- technical instructions: 1 to 4 pages.
- booklet: more than four pages.
- type of paper: chlorine free.

Finishing

- determining the type of folding:
 - ✓ the product name and its reference number must be visible when the documentation is folded,
 - ✓ this rule may however be ignored when the level of automation of the folding/boxing process requires it: then the priority is to ensure that the barcode used by the automation process is visible.

Folding instructions

A3 format

Final size: 70 x 74 mm
