

The diagram shows the internal layout of the EVX Plus EVX Activa power supply unit. It features a central green area labeled "EVX Plus EVX Activa" and "Mains 230V 50Hz". To the left, there are two rows of pins: the top row has two pins labeled "e" and the bottom row has two pins labeled "e" with a wavy line symbol. To the right, there are seven pins labeled 1 through 7, each with an "e" symbol. A green LED labeled "Conn.Led" is connected to pins 7 and 6. A blue wire is connected to the top-left pin, and a black wire is connected to the bottom-left pin.
