Dagorde

16u30: Ontvangst

17u00: Voorstelling:

- Smart Panel & Masterpact MTZ : Ready for the future !
- Keep control of your Energy and Operations ,
- Galaxy VX & VM, the next wave in UPS innovation

19u00: Workshops in de Market Place

- Mastering the energy: simple, safe and reliable with your smartphone
- Smart Power Distribution Expert : Monitor & Control your electrical grid and your motors Smartly
- Smart Panel with Masterpact MTZ : Be ready for the future
- Prisma, smarter than ever
- Masterpact MTZ with ECOREACH: the digital management of your electrical distribution
- ITB
- Your digital experience. Discover our digital tools: a complete eco-system to make your work easier, faster and more efficient.

20u30: Walking Dinner

22u30: Open Bar en Networking

New service: Test Reports for CT's

METSECT5CC...

METSECT5MC...

Calibration Test Reports for current transformers METSECT5xxxxx

Our customers are more and more looking for calibration test reports on our products in the course of ISO50001 development. To fulfill this need we now offer the possibility to deliver test certificates for our current transformers METSECT5xxxxx.

The information in the database starts in January 2016 with some data from late 2015.

Send your request to our customer service, mentioning the serial number (printed on the label) of the concerned CT's. We will then provide you an official test reports for each requested part.

Aesthetic design for industrial applications

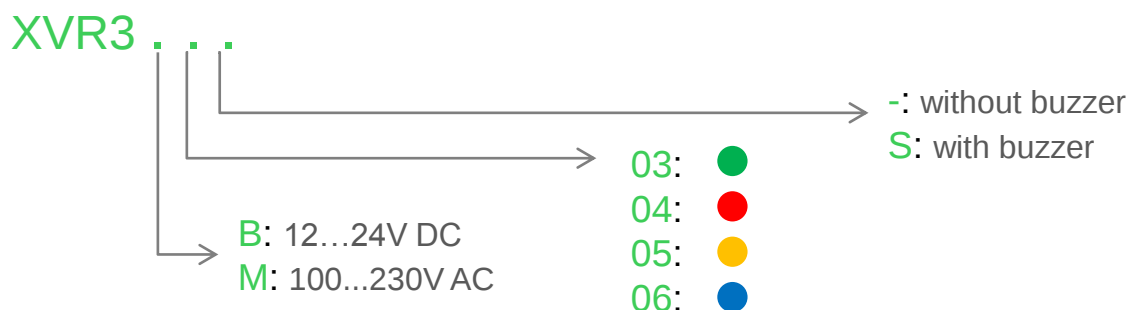

Discover our motor-less rotating beacons XVR3

XVR3 is a motor-less rotating beacon with unique design. The faceted lens extends the lighting area and gives it a unique appearance. The integrated rubber base improves the IP level up to IP65 degree of protection depending on buzzer option, and high vibration resistance of 7.1G.

XVR3 is available in 4 colors: green, red, orange, and blue. 10 different lighting modes can be selected with the mode switch. (rotating, blinking, flashing). The optional buzzer volume is adjustable from 70 dB to 90 dB.

Download the catalogue here: ([EN](#) / [FR](#))

E.g.: A red motor-less beacon 12...24V DC without buzzer: **XVR3B04**

Our new Harmony potentiometers make your life easier!

New XB4 & XB5 potentiometer heads and built-in potentiometer

In addition to the potentiometer heads ZB5AD912, ZB5AD922, ZB4BD912 & ZB4BD922, we now have enlarged our Harmony range with 12 potentiometer heads with built-in potentiometer. Resistor values are varying between 1K Ω until 470K Ω . Ordering the complete product simplifies your ordering process, increases your level of standardization and assures you of the proven quality of the Harmony XB4/XB5 offer.

Discover the new references in the table below or download our brand new catalogue of [XB4](#) and [XB5](#).

		1K Ω	10K Ω	100K Ω	4,7K Ω	47K Ω	470K Ω
Metal	XB4BD912...	R1K	R10K	R100K	R4K7	R47K	R470K
Plastic	XB5AD912...						

E.g.: A metal potentiometer with 10K Ω resistor: XB4BD912R10K

Ready-to-use safety solution pack

Discover our certified safety solution for emergency stop

The emergency stop safety solution pack is a perfect way to implement safety in your installation. The pack comes with a wiringscheme and is certified, so you do not have to ask approval to your own certification body.

The pack with reference **ESTOPSOLUTION** contains:

- A complete emergency stop controlbox with turn-to-release e-stop and 2NC contactblocs
- An emergency stop label
- A safety relay for emergency stop with 3 safety relay outputs, 24V AC/DC
- A complete controlbox with a blue reset pushbutton (1NO contactbloc)
- A legendholder and a “RESET” legend
- A manual + certified application document

To get more information and details, please download the flyer: ([NL](#) / [FR](#))

Discover the new PowerLogic catalogue

POWERLOGIC CATALOGUE 2016 now available

The 2016 release of our PowerLogic catalogue is available.

Catalogue is available in electronic format (pdf) on our schneider-electric.be website and is also available as printed version.

The reference of the catalogue is 32AC206N (Flemish version) and 32AC206F (French version).

Products added:

- PowerTag
- iEM2100
- iEM3400/iEM3500 retrofit
- Enercept EM4235
- PM8000
- EGX150
- Com'X series

Add a touch of style to your control panel

Flush mounting kit for XB4 & XB5 pushbuttons & pilotlights

If the design of your controlpanel or machine is important, you can now flush mount our Harmony XB5 & XB4 pushbuttons, selectorswitches, pilotlights, keyswitches. Instead of mounting the pushbutton in a 22mm hole, a 30mm hole is required. For only a very small additional cost, you can change the design of your machine in a beautiful and modern way.

	Metal	Plastic	Plastic with legend holder 8x27	Plastic with legend holder 18x27
				
For pushbuttons & pilotlights	ZB4BZ021	ZB5AZ021	ZB5AZ023	ZB5AZ025
For selectorswitches & illuminated pushbuttons	ZB4BZ022	ZB5AZ022	ZB5AZ024	ZB5AZ026
