Connections		T 51 B 43		

PM = Morning peak
C = Off-peak
PS = Evening peak

Maximum waiting time

Alternatives

P Car park for free : on site.

Take exit 18 of the Ringway and follow "Ukkel-Drogenbos-Vorst". Follow the rue de Stalle for the next 3km, pass under the railway bridge and take the 2nd street to the right after the bridge: Avenue Guillaume Herinckx. Follow the street to the end and turn right: Chaussée d'Alsemberg. Follow this road until you reach the square in front of the Uccle Calevoet train station. There you will find the building of Schneider Electric on your left. At the exit 18, dense traffic can be encountered during peak times in the morning and it might be better to take an alternative road via the lower part of the rue d'ENGELAND. In order to follow this road we advise you to turn right in the Grande Route in front of the « My Way » garage in Drogenbos. *hoogte van garage My Way Drogenbos.*

The regional cycle routes

7 C

are nearby the building of Schneider Electric.

Cycle park on site.
See route on the map.
