SO1020M100S All-In-One Combination Service Entrance Device

Features:
- Available with 100 ampere factory-installed main breaker
- Ring-type meter socket
- Overhead feed
- Adds up to 20 circuits of distribution to an existing home’s electrical service
- Designed to accept SURGEBREAKER™ Secondary Surge Arrester for protection against surges up to 20,000 volts
- Compact design for easy installation
- Exclusive QWIK-OPEN® feature on 15A and 20A circuit breakers

Ideal for Residential Retrofit Applications

The SO1020M100S All-In-One provides 100A meter main service with space for 10 to 20 circuits. It is ideal for residential applications that require overhead service entrance and includes ring-style meter socket covers and a surface mount enclosure. Applications also include pole-mount, remote tenant metering and temporary power.

Square D CSED products meet more applications and local code requirements than any other brand – demonstrating once again that no one in the world does more with electricity.
