Harmony PSA6 is a compact and ultra-slim Industrial Panel PC offering a powerful, secure, and durable solution tailored to meet your industrial computing requirements. Harmony PSA6 is designed to address key customer challenges and it best fitted for clean environments.

Customers challenges

Cost sensibility

Rapid technological advancements

Need for compact, space-saving designs

Powerful performance

Ensure efficient operations for demanding applications:

- 13th Gen Core i5 CPU, 7th Gen Atom 4 cores
- Windows 11 IoT Enterprise LTSC 2024

Cybersecure and durable

Built to last with robust security features:

- SDL compliant with IEC62443 standard, BitLocker, TPM
- Low power consumption, made of green materials, REACH and RoHS compliant

Cost-effective

Provides excellent value without unnecessary features and ideal for maximizing workspace efficiency:

- Ultra-slim and lightweight design
- FHD 15", 19"
- VESA mount compatible
- PCAP glass top, easy to operate with gloves

Versatile

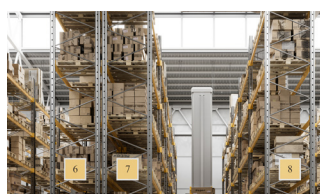

Seamlessly supports a wide range of EcoStruxure software and connected devices:

- EcoStruxure Operator Terminal Expert
- EcoStruxure Machine SCADA Expert
- EcoStruxure Machine Expert Twin
- [AVEVA Edge Lite](#) and more...

Best suited for

Standalone packaging

Material handling

Plastic injection

Building management system
