

The fastest, safest, most efficient connections

> QuickVigi

Acti 9 earth leakage protection with innovative screwless technology

Schneider
Electric™

QuickVigi

Exclusive technology gives you the fastest, simplest, and most efficient earth leakage protection

A vital component of the **Acti9 system**, QuickVigi installs quickly, easily, and directly on the circuit breaker terminals for robust earth leakage protection. Its innovative EverPlug™ technology, exclusive to Schneider Electric, provides you and your customers with completely safe, IEC compliant installations. It simplifies installation and connection procedures, making your business more competitive.

Available only from
Schneider Electric

Absolutely safe

International certifications and EverPlug technology means QuickVigi exceeds even the most demanding requirements to give you total safety for the lifetime of your installation.

- > EverPlug technology provides safe, screwless and IEC-compliant connections
- > Permanent, 2 kilogram contact force for high-pressure connections
- > Guaranteed for the life of the installation

3

seconds to connect

EverPlug

EverPlug screwless technology for fast, safe, efficient connections

100%

safe for installers and users

70%

time saved on installation

'I'm used to torquing screws, but I'm really confident with these connections'
Mr Amador - Panel-builder, Madrid, Spain

VisiTrip

minimizes downtime,
reduces repair time

Designed for peace of mind and to save time

Efficient

QuickVigi was made especially for professionals who need a high-quality product designed to optimize their efficiency:

- > Faster installations for easier work and reduced costs
- > Easy, one-click assembly between the Vigi and the circuit breaker
- > Zero maintenance, no-wear connections

'One-click', error-free connections

Simple and smart

Connect your components in only three seconds. Just snap the QuickVigi to the circuit breaker – that's all it takes for instant and error-free connections.

- > Intuitive assembly – a single click is all it takes to ensure fast, error-free linkages
- > No screws, and no need to torque or re-torque screw connections after electrical panel assembly
- > Vibration proof, stable

100%

guaranteed for
the life of your
installation

best choice for
industrial and
tertiary buildings

'The easy connections are great; we save a lot of time.'

Mr Bonnati - Panel-builder, Bergamo, Italy

Part of the Acti 9 family

QuickVigi is an integral part of the Acti 9 family, and compatible with the entire range. Acti 9, the new core modular system that makes your power distribution installation safer, simpler, and more efficient.

Technical characteristics

Add-on residual current devices	vigi iC60
RCD type	Asi, A, AC
Type	2P, 3P, 4P
Rating (A)	25, 40, 63
Standards	IEC/EN 61009-1
Sensitivity (mA)	10, 30, 100, 300, 300 [S], 500, 500 [S], 1000 [S]
Degree of protection	IP20/IP40
Connection between iC60 & iC60 Vigi	'EverPlug connections' up to 40A

Make the most of your energySM
