

TeSys GV4PB

The result of 90 years of motor circuit breaker engineering and innovation.

The smartest choice for panel builders, OEMs, and consulting engineers in North America (NAM), or exporting to NAM.

From Schneider Electric™ the global specialist in energy management and automation.

Made to meet your needs.

- Simplicity – less commercial references to order.
- Smart – pre-trip alarms enable proactive measures to be taken, increasing uptime.
- Efficiency – space-saving design, quick and easy to install.
- Peace of mind – creep compensation to maintain safe power connection.
- Innovation – view and update protection settings with NFC smart phone.

Schneider Electric

Tough and robust motor protection.

TeSys™ GV4PB UL489 Motor Circuit Breakers.
Digital Intelligence. Robust Performance.

se.com/tesys

UL489 motor circuit breaker with advanced protection.

Upgrade your motor control with a UL489 SH supplement motor circuit breaker. With only 2 components (breaker and contactor), you will have compactness, performance and UL compliance. With its full set of special features and advanced functions, TeSys GV4PB provides motor protection that's smart, robust and tough.

Provide continuous operation under tough conditions.

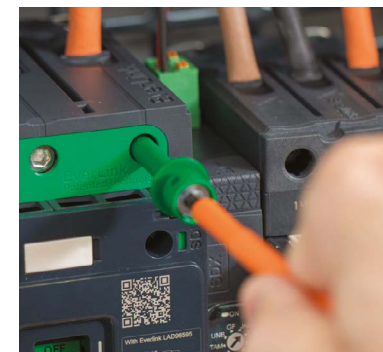

Start smart.

Ergonomic rotary handles ensure quick and simple installation.

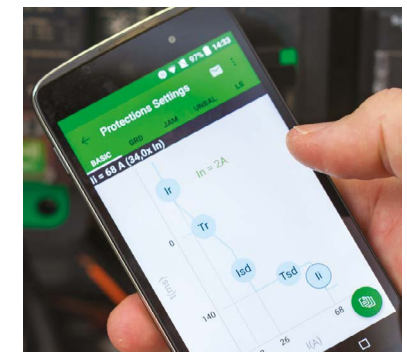

Run smart.

Patented creep compensation provides long lasting power connection.

Stay smart.

Smartphone and NFC allow easy commissioning and maintenance.

- Motor circuit breakers with electronic capabilities up to 60HP/460V.
- Advanced protections: ground fault, jam, long start
- Pre-alarms and automatic reset.
- EverLink™ power connector with integrated large spacer.
- Smart, externally visible auxiliaries.
- Ergonomic rotary handles: direct, extended and side.
