VERIFICATION OF TEST

Project No: SHA042830 **Certificate No:** ASTA-TYPE-0002696

Vendor: Schneider Electric Industries SAS
Rua Joseph Monier, 92500 Rueil Malmaison, France

Apparatus: Two 630 A, 1000 V / 1000 V / 8 kV (U_n=U_e, / U_i / U_{imp}), 50/60 Hz, single stack Busbar Trunking Systems, each comprising of three joints, one flanged end unit, two straight BTU without tap-off facilities with three-phase and neutral copper busbars, and integrated earthing bar for 3P4W type or an internal earth copper busbar for 3P5W type in a painted aluminium alloy enclosure.

Manufactured By: Schneider Busway (Guangzhou) Limited
No. 85 Junye Road, Eastern Section of Economic & Technological Development Zone, Guangzhou 510530, China

Test Report No: 210603002GZA and YDY21-000776

Designation: I-LINE Track 630 A 4P and I-LINE Track 630 A 5P

The apparatus which is representative of the designation, supplied drawings and photographs has been evaluated in accordance with:

IEC 61439-6: 2012

Verifications with reference to the tests listed in Annex D, Table D1 of IEC 61439-6: 2012, and Annexes BB, CC and EE:

1:	Strength of material and parts	6/7/8:	No verification by testing required
2:	Degree of protection of enclosures	9:	Dielectric properties
3:	Clearances	10:	Temperature-rise limits
4:	Creepage distances	11:	Short circuit withstand strength
5:	Protection against electric shock and integrity of protective circuits	12:	Electromagnetic compatibility (EMC)
		13:	Mechanical operation

The results are shown in the record of tests attached hereto. The values obtained and the general performance is considered to comply with the above Standard(s) and to justify the ratings assigned by the manufacturer as stated on the ratings page(s) of this Certificate. This Certificate applies only to the apparatus tested. Responsibility for conformity of any apparatus having the same or other designations rests with the Manufacturer.

Conditions of use:

ASTA Type Certificates, verification of test is issued by Intertek for the exclusive use of the party applying for the Certificate. Intertek assumes no liability to any parties other than those with which it has an agreement and then only in accordance with the agreed Terms and Conditions.

The Applicant is authorised to copy or distribute Certificates and Test Reports provided the entire contents are included, or Certificate Front Sheets accompanied by any associated pages on which are stated the assigned rated characteristics and no part is obscured or illegible. Permission must be obtained from Intertek before any other kind of reproduction is made.

The holder of a Certificate may claim in Trade Journals, Catalogues, Technical Articles etc., and without the prior approval of Intertek that the product identified in a Certificate is Certified.

To minimise the possibility of any misunderstanding such claims must clearly identify the product(s) certified or approved, the ratings verified and the Standard against which certification/approval has been made.

Any other use of the Intertek or ASTA brand must first be approved in writing by Intertek. Test results and ratings verified by testing included in the Certificate and related Test Reports shall relate specifically to the sample(s) tested.

The record of proving tests is available in ASTA certificate No. ASTA-TYPE-000924 dated 9th February 2021.

The tests for clauses 10.2.5, 10.2.101, 10.3, 10.5, 10.9, 10.10 and 10.11 were performed on I-LINE Track 630A 4P considering to be representative of the I-LINE Track 630A 5P.

Note: The apparatus tested was manufactured by Schneider Busway (Guangzhou) Limited, No. 85 Junye Road, Eastern Section of Economic & Technological Development Zone, Guangzhou 510530, China, for which ASTA Certificate of Verification no. ASTA-TYPE-0001236R1, dated 24th January 2023 has been issued.
