Life Is On

Schneider
Electric

Introducing an innovative electrical system to support business and home owners.

Transition into a digital energy management system!

An easy to use, compact & digital solution accessible for your customers.

Ensure energy efficiency

Quick, preventive and simple set up for energy optimization

Timed Control of lighting, heating, pumps and more!

Maintaining comfort and efficiency in a business or home requires the optimization of essential day-to-day operations, such as heating, lighting, ventilation, and security.

As energy costs continue to soar and buildings age, it's crucial for both business and homeowners **to have an electrical system that takes control of your energy consumption.**

You need a quick, efficient and simple answer.

Meet the Solution

Acti9 iC+

A9C1B120

**3 functions in one
18mm module**

Zero crossing
relay contactor

Time switch

Astro switch

50% faster
programming

eSetup for
Electrician

Peace of Mind

Thanks to the smart user eSetup interface on your mobile phone, you can be confident in your electrical system with accurate programming and execution.

Improve Scheduling Efficiency

With this 3-in-1 device, benefit from scheduling accessibility on your smartphone.

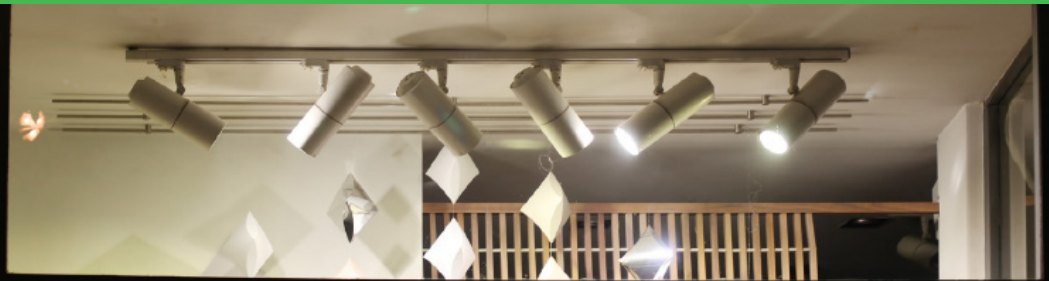

Energy Saving Enabler

Introduce an energy saving solution to your customer in a world of increasing energy costs.

Benefits of Acti9 iC+

- Schedule time earlier and **implement later**
- Optimized scheduling time thanks to the **eSetup interface** on smartphone
- One device for **multiple functions**
