

Iso-Gard® Current Transformer MLHG6CT-AU

ISO-GARD®
Line Isolation Monitor

Application Note

Suitability

The Current Transformer is for use only with the Isogard Line Isolation Monitor (LIM). For complete details, including installation, setup, settings, and troubleshooting, refer to the *Line Isolation & Overload Monitor Installation and Reference Guide* for the MLHG6/MLHG6-AU.

For LIM installations, the CT is sold as a standalone part. The installer mounts the transformer and makes the wiring connections.

DANGER

HAZARD OF ELECTRIC SHOCK, EXPLOSION OR ARC FLASH

- This product must only be installed and serviced by appropriately qualified and/or licenced electrical personnel.
- Isolate the electrical supply before doing any work on this product.
- Ensure that the product has been correctly installed and tested for safe operation before reconnecting the electrical supply.

Failure to follow these instructions will result in death or serious injury.

Wiring Diagram

As shown in the diagram, the L1 conductor is looped through the centre of the transformer.

Customer care—Australia

We warrant this product for 2 years. For details, visit:
