

Make reliable

IMPACT

with UPS and portable power solutions

Sudden power outages and voltage fluctuations can disrupt daily routines at home. Keep your home office, gaming gear, and essential devices secure and running smoothly with **reliable backup solutions**.

Our **UPS and portable power solutions** deliver reliable power protection, so even if your home experiences a power cut, you can continue to:

Work from home or ensure flawless home gaming knowing your internet connection is stable

Keep cool and comfortable by keeping your mini-fridge and portable fans powered up

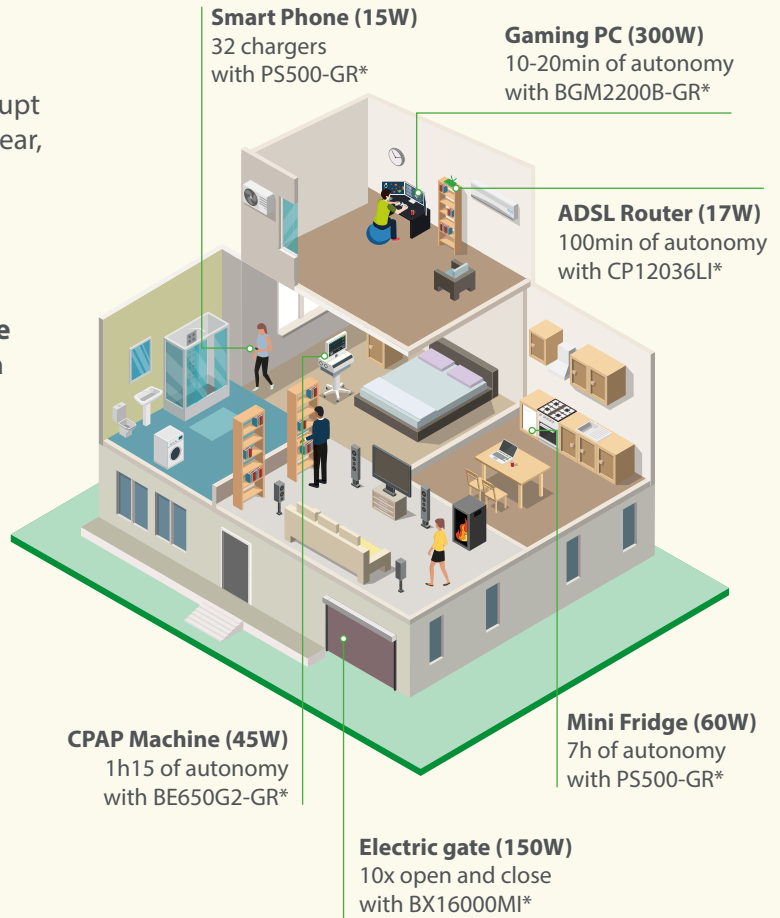

Ensure **all your personal electronic devices** remain fully charged

Ensure access in and around your house including for your garage door

Protect your home medical devices like medical beds and CPAP machines

UPS and portable power solutions from Schneider Electric:
Keeping people and homes fully up and running, even in the event of a power outage.

*The autonomy values given are an indication. This depends on the power of the equipment to be protected and how it is used. The power of the device to be protected should be checked by a qualified electrician if necessary. Schneider Electric cannot be held liable in the event of a malfunction or lack of autonomy.
