

Make reliable

IMPACT

with APC UPS solutions

Power outages and electrical fluctuations can strike without warning, creating significant challenges for businesses. **Reliable backup power solutions help maintain business continuity and protect critical devices** from unexpected power issues.

Our range of **UPS solutions** deliver reliable power protection, so even if a power outage strikes, **retail organizations** can continue to:

Manage and access **stock** without interruption

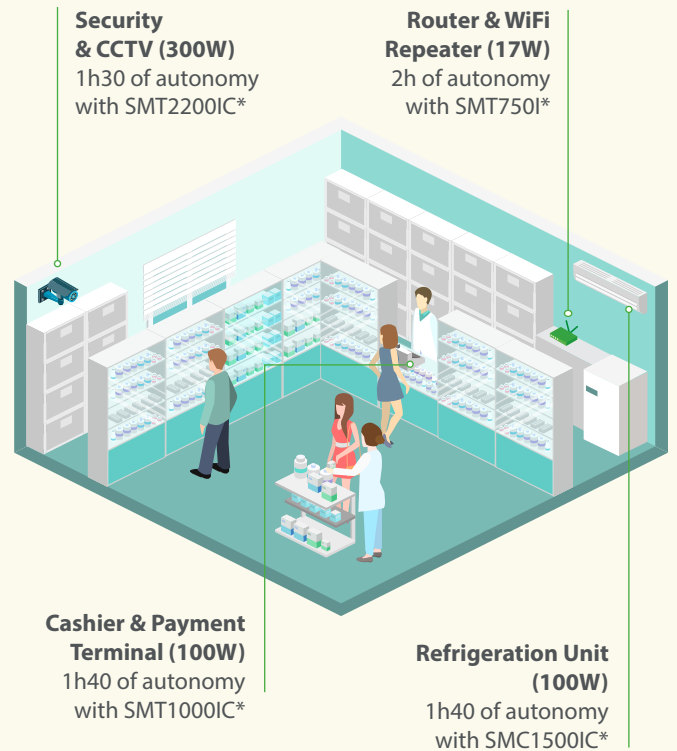

Protect the refrigeration units and ensure continuous temperature

Process **customer orders and invoices**

Dispatch **shipments** without delay

UPS solutions from Schneider Electric:
Keeping businesses power-protected, even when power outages strike.

Smart-UPS

*The autonomy values given are an indication. This depends on the power of the equipment to be protected and how it is used. The power of the device to be protected should be checked by a qualified electrician if necessary. Schneider Electric cannot be held liable in the event of a malfunction or lack of autonomy.
