**DESCRIPTION** Vertical Double Socket Outlets with extra switch and Clip-on Cover Plates

### FEATURES

Large rockers match up with 600 Series switches. Terminal size and depth has been increased to maximise ease of use. 692X is supplied with a removable 2-way standard switch mechanism as standard –681M20. Terminal and mounting screw heads are PowerHead #1 Square/ #2 Phillips for greater drivability.

### APPLICATIONS

Premium electrical accessories for all installation situations. The 600 Series offers a range of colour options and clip-on cover plates. Extra switch units allow for convenient placement of switches to control lighting and appliances, without the need for additional plates. Removable extra switch allows for different, specialist modules to be used – double pole, intermediate, illuminating modules, in addition to the standard two way function.
