BOX QUANTITY 5

OUTER QUANTITY Nil

FEATURES

Large rockers match up with 600 Series switches.
Terminals are in-line and all at the same height – making cable stripping and insertion simple and quick.
Terminal size and uniform depth has been increased to maximise ease of use.
Terminal and mounting screw heads are PowerHead #1 Square/ #2 Phillips for greater drivability.
Terminal screws are angled up for easy access.
15A flat pin and 10A with round earth pin sockets for specialist applications.
A neon socket outlet with large visible neons to indicate power on.
The neon outlets are available in all standard colours, the 15 Amp and Round Earth Outlets are available in White and Black only.

APPLICATIONS

The 15A socket caters for higher demand situations, including the supply of air-conditioning units and power-tools in workshops.
The round earth 10A socket caters for lighting or other dedicated circuit applications.
The 695N caters for installations where visibility of switch status is of prime importance.
