DESCRIPTION

Double Pole Horizontal Double Switched Sockets

**BOX QUANTITY**

695DP	10
695DP/15	5
695DPX	5

FEATURES

Double pole switches to control socket outlets.
695DPX has one removable double pole switch mechanism – 587M10.
Product styling matches other 600 Series products.
Large rockers match up with 600 Series switches.
Full arrangement of mounting points.
Standard 695/695X metal cover plates WILL NOT fit these products.

APPLICATIONS

Relocatable Premises (including caravans and tents) and their site installations (AS/NZS 3001:2001).
Marinas and pleasure craft at low voltage (AS/NZS 3004:2002)
Hospitals.
Temporary power supplies.
Extra switch units allow for convenient placement of switches to control lighting and appliances, without the need for additional plates. Removable extra switch allows for different, specialist modules to be used – ID, intermediate, illuminating modules etc.
