**DESCRIPTION** Modtap Clip

**BOX QUANTITY** 50

**OUTER QUANTITY** Nil

### FEATURES

Allows the use of Modtap RJ45 data sockets with PDL wallplates from both the 600 Designer Series and 500 series.  
Up to four Modtap data outlets can be fitted to a standard size plate.

### APPLICATIONS

Catering for data applications within a wider installation.

### COMMENTS

The module is a two piece product that “sandwiches” the front of the Modtap data socket.  
Up to 4 per 600 series plate can be fitted.
