**DESCRIPTION**

4 Gang Switched Socket

**BOX QUANTITY** 5**OUTER QUANTITY** 50**FEATURES**

Fits standard 84mm flushbox mounting centres.  
Plate size - 191mm x 79mm.  
Individual switching and safety shutters.  
Terminals lie within the rear profile of the plate and plate has knockouts on sides and bottom - can be directly surface mounted without the need for a mounting block.  
Angled terminals for easy access to screws.  
Four additional mounting bosses for securely fixing the plate to the wall.  
Shallow profile - minimal protrusion from wall.  
Clearly labelled terminals.  
Terminal screws are fully backed off for immediate termination.  
Rating: 230 - 240V a.c., 50Hz.  
Comply with AS3100, AS3133 and AS3112.

**APPLICATIONS**

To meet the electrical appliance demands of modern homes - high demand areas such as kitchens, bedrooms and living rooms.  
Can be easily retrofitted where any horizontally mounted socket outlet exists.  
No need for mounting block when surface mount is required – saves time, cost and ensures low profile.  
Ideal for surface mounting in concrete block garages with conduit wiring.
