Modena 8000 Series Vertical
Installation Instructions

General Instructions

• It is illegal for persons other than those authorised by legislation, to work on the fixed wiring of any electrical installation.

• All installations must be in accordance with local and state Electrical Wiring Regulations and Building Codes of Practice.

• CLEANING - To clean, simply use a cloth dampend with water only. Cleaning agents are not recommended, as their use may harm the product and void warranty claims.

Fitting Instructions

1. Modular accessories can be wired before or after clipping into a grid.

2. Modules should be clipped into grids before screwing product to the wall.

3. Once the grid is firmly attached to the wall the cover can be clipped into place.

Note: When fitting a metal plated cover to a grid that has been mounted using the centre mounting screws, screw caps must be fitted.
**Cover Removal**

To remove cover insert a flat blade screwdriver between cover and grid tab, and gently lever apart.

**Module Removal**

To remove modules use ejector tool as shown below.
