Product description

Manufacturer identification: Schneider Electric Industries SAS
The Vigirex RH99M is an earth leakage protection relays with an MA120 toroid sensor, which is designed to detect and measure the earth leakage current in an electrical installation. The relay interrupts the supply of power to the supervised network and protects the personnel against direct and indirect contact; they also protect property against fire hazards.

### Additional information

**Legal information**

The product family must be disposed according to the legislation of the country. This document is intended for use by end of life recyclers or treatment facilities. It provides the basic information to assure an appropriate end of life treatment for the components and materials of the product.

**Recyclability potential**
