The End of Life Instruction (EOLI) covers the entire range of TWINBUS power supply.

Marketing Model/Name:
TWINBUS power supply, com. ref.: RTY175730101

Size in mm:
H x L x D: 125 x 90 x 60

Weight: 1,444 grams
### Purpose

The product family must be disposed according to the legislation of the country. This document is intended for use by end of life recyclers or treatment facilities. It provides the basic information to assure an appropriate end of life treatment for the components and materials of the product.

### Note

This product family is not in the scope of EU directive 2002/96/EC, Waste Electrical and Electronic Equipment (WEEE).

### Operations recommended for the end of life treatment

There are several steps to process the products at the end of life so as to recover components, materials or energy: Reuse → Separation for special treatment → Depollution → Dismantling → Shredding.

The components of the products that optimize the recycling performances are listed, identified and located hereunder.
