Push-Button Interfaces

Product End-of-life Instructions

The End of Life Instruction (EOLI) covers the entire range of Push-Button Interfaces

Marketing Model/Name:

Push-button interface 2-gang plus, polar white, Ref:MTN670802

Size in mm:
H x L x D: 12.5 x 40 x 30.5

Weight: 14 grams
Product End-of-life Instruction

Purpose

The product family must be disposed according to the legislation of the country. This document is intended for use by end of life recyclers or treatment facilities. It provides the basic information to assure an appropriate end of life treatment for the components and materials of the product.

Note

This product family is in the scope of EU directive 2002/96/EC, Waste Electrical and Electronic Equipment (WEEE).

Operations recommended for the end of life treatment

There are several steps to process the products at the end of life so as to recover components, materials or energy: Reuse → Separation for special treatment → Depollution → Dismantling → Shredding.

The components of the products that optimize the recycling performances are listed, identified and located hereunder.
