Product End-of-Life Instructions

AUXILIAIRE OF-SD/OF (C60/120)
Product End-of-Life Instructions – EoLI

Product overview

Product Range: AUX-ACC-C60
Marketing Model/Name: Double SD-OF fault contact
Size: \( H \times L \times D \) in mm = 90 x 9 x 66
Weight in g = 51.2

Purpose

The product family must be disposed according to the legislation of the country. This document is intended for use by end of life recyclers or treatment facilities. It provides the basic information to assure an appropriate end of life treatment for the components and materials of the product.

Operations recommended for the end of life treatment

There are several steps to process the products at the end of life so as to recover components, materials or energy:

Reuse \( \rightarrow \) Separation for special treatment \( \rightarrow \) Other dismantling \( \rightarrow \) Shredding
The components of the products that optimize the recycling performances are listed, identified and located hereunder.

Components which must be cleared of pollution:
