Product description

Manufacturer identification | Schneider Electric Industries SAS
Brand name | Schneider Electric

Product function
The Power Meter measures, records, communicates. It can be on din-rail or panel mounted. It is powered by 240VAC supply. The functionalities and accuracy: Power meters monitor Power (Voltage, Current, Power, Energy) and Power quality (harmonics, Sag/swell, Transient). Data can be recorded (fast recording) to be uploaded on Edge software. Most of meters have a display to configure and visualize the data. Communication with Edge software is also available on advance meters.

Product reference | METSEION95040

Total representative product mass | 3201.13 g
Representative product dimensions | 136mm x 160mm x 160mm
Accessories | Connectors & B25 cables
Date of information release | 11/2018

Additional information

Legal information
This product family is in the scope of European Union directive 2012/19/EU on Waste Electrical and Electronic Equipment (WEEE). The product family must be disposed according to the legislation of the country. This document is intended for use by end of life recyclers or treatment facilities. It provides the basic information to assure an appropriate end of life treatment for the components and materials of the product.
