

Product End of Life Instructions

**Thermostat, FCU, On/Off, Protocol, 3 Fan Auto, Deluxe, 240V,
LCD, Wt**

 **Potential disassembly risks**

WARNING

HAZARD OF ARC FLASH OR FIRE

- Disconnect battery terminals before disassembly
- Avoid any electrical connection between the terminals

Failure to follow these instructions can result in death or serious injury.

 **End of Life Instructions**

Recommendation	Number on drawing	Component / Material	Weight (g)	Comment
To be depolluted	1	Control panel PCB	13.37	PCB board
To be depolluted	2	Display device	18.7	Display
To be depolluted	3	Power PCBA	61.84	PCB board assembly
To be depolluted	4	Coin type battery	0.85	Li-ion battery
To be depolluted	5	Electrolytic aluminium capacitor	1.66	Aluminium capacitor

Product description

Manufacturer identification	Schneider Electric Industries SAS
Brand name	Schneider Electric
Product function	The TC900 series fan coil thermostats are optimized for office building, hotel, hospital and residential temperature control applications
Product reference	TC903-3A4LDPSA
Total representative product mass	159.5 g
Representative product dimensions	86mm x 86mm x 40mm
Accessories	No accessories required
Date of information release	12-2025

Additional information

Legal information	This product family is in the scope of European Union directive 2012/19/EU on Waste Electrical and Electronic Equipment (WEEE). The product family must be disposed according to the legislation of the country. This document is intended for use by end of life recyclers or treatment facilities. It provides the basic information to assure an appropriate end of life treatment for the components and materials of the product.
In case of special transportation: transportation method	No
Recyclability potential	5% The recyclability rate was calculated from the recycling rates of each material making up the product based on REECYLAB tool developed by Ecosystem, for components/materials not covered by the tool, data from the EIME database and the related PSR was taken. If no data was found a conservative assumption was used (0% recyclability).
