SPACELOGIC KNX - SWITCH MASTER AND EXTENSION

End of Life Instructions

Recommendation	Number on drawing	Component / Material	Weight (in g)	Comment
To be depolluted	1	Electronic Board (Communication) > 10cm ²	14.9	PCBA - 1
To be depolluted	2	Electronic Board (Communication) > 10cm ²	14.9	PCBA - 2

Product description

Manufacturer identification	Schneider Electric Industries SAS
Brand name	Schneider Electric
Product function	The SpaceLogic KNX Secure Switch/Blind Master 8-channel 10AX/16AC1 is an advanced KNX automation device designed for secure and flexible control of lighting circuits, blinds, and shutters. It supports 8 independent switching or blind channels, offers high reliability with KNX Data Secure, and provides versatile load handling for residential and commercial applications. This Master device allows expansion through dedicated extensions, enabling scalable project design within KNX-based building automation systems.
Product reference	MTN6705-0008S
Total representative product mass	262 g
Representative product dimensions	71mm x 66mm x 90mm
Accessories	No
Date of information release	03-2026

Additional information

Legal information	This product family is in the scope of European Union directive 2012/19/EU on Waste Electrical and Electronic Equipment (WEEE). The product family must be disposed according to the legislation of the country. This document is intended for use by end of life recyclers or treatment facilities. It provides the basic information to assure an appropriate end of life treatment for the components and materials of the product.
In case of special transportation: transportation method	No
Recyclability potential	0% The recyclability rate was calculated from the recycling rates of each material making up the product based on REEECY'LAB tool developed by Ecosystem, for components/materials not covered by the tool, data from the EIME database and the related PSR was taken. If no data was found a conservative assumption was used (0% recyclability).
