End of Life Instructions

Recommendation	Number on drawing	Component / Material	Weight (in g)	Comment
To be depolluted	1	Electronic Board (Communication) > 10cm ²	4.9	
To be depolluted	2	Electronic Board (Communication) > 10cm ²	21.3	

Product description

Manufacturer identification	Schneider Electric Industries SAS
Brand name	RITTO
Product function	The main purpose of the power supply unit is to supply power and communication signals to multiple connected devices.
Product reference	1757301
Additional similar product references	RTO1757500
Total representative product mass	841 g
Representative product dimensions	71 mm x 134 mm x 226 mm
Accessories	No
Date of information release	04/2024

Additional information

Legal information	This product family is in the scope of European Union directive 2012/19/EU on Waste Electrical and Electronic Equipment (WEEE). The product family must be disposed according to the legislation of the country. This document is intended for use by end of life recyclers or treatment facilities. It provides the basic information to assure an appropriate end of life treatment for the components and materials of the product.	
In case of special transportation: transportation method	No	
Recyclability potential	4%	Recyclability rate has been calculated based on REEECY'LAB tool developed by Ecosystem, for components/materials not covered by the tool, data from the "ECO'DEEEE recyclability and recoverability calculation method" was taken. If no data was found a conservative assumption was used (0% recyclability).
