

Product End of Life Instructions

DUAL BAND WIFI ACCESS POINT WITH RJ45

End of Life Instructions

Recommendation	Number on drawing	Component / Material	Weight (in g)	Comment
To be depolluted	1	Electronic board	5.78	PCBA
To be depolluted	2	Electronic board	24.47	PCBA

Product description

Manufacturer identification	Schneider Electric Industries SAS
Brand name	Schneider Electric
Product function	The Wi-Fi access point is a communication bridge between the wireless network and the wired network. It is the core device for a wireless local area network (WLAN) & It is the access point for the devices which have Wi-Fi function to access the wired network.
Product reference	VDIR20491
Total representative product mass	142 g
Representative product dimensions	85mm X 85mm X 39mm
Accessories	No
Date of information release	11-03-2025

Additional information

Legal information	This product family is in the scope of European Union directive 2012/19/EU on Waste Electrical and Electronic Equipment (WEEE). The product family must be disposed according to the legislation of the country. This document is intended for use by end of life recyclers or treatment facilities. It provides the basic information to assure an appropriate end of life treatment for the components and materials of the product.	
In case of special transportation: transportation method	No	
Recyclability potential	13%	The recyclability rate was calculated from the recycling rates of each material making up the product based on REECYLAB tool developed by Ecosystem, for components/materials not covered by the tool, data from the EIME database and the related PSR was taken. If no data was found a conservative assumption was used (0% recyclability).
