

Product End of Life Instructions

GVXL Backfeed Protection Cabinet

Potential disassembly risks

⚠ WARNING

HAZARD OF ARC FLASH OR FIRE

- Disconnect battery terminals before disassembly
- Avoid any electrical connection between the terminals

Failure to follow these instructions can result in death or serious injury.

End of Life Instructions

Recommendation	Number on drawing	Component / Material	Weight (in g)	Comment
To be depolluted	1	Electronic Board > 10cm ²	57.29	1 × PCBA >10cm ²
To be depolluted	2	Battery	9.6	1 × Battery (LiSoCl ₂)

Product description

Manufacturer identification	Schneider Electric Industries SAS
Brand name	Schneider Electric
Product function	Galaxy VXL Backfeed Protection Cabinet, single unit with top entry, maximum short circuit current 65kA Icc, 500-1250kW, 380/400/415V. Anti-reverse current function: In the event of a bypass power failure causing the UPS to switch to battery power supply, the reverse current protection cabinet can detect and block any reverse current flowing back into the bypass, thereby preventing unintended energy feedback.
Product reference	GVXLOPT001
Total representative product mass	277 kg
Representative product dimensions	1970mm x 1200mm x 1000mm
Date of information release	2025/12/30

Additional information

Legal information	This product family is in the scope of European Union directive 2012/19/EU on Waste Electrical and Electronic Equipment (WEEE). The product family must be disposed according to the legislation of the country. This document is intended for use by end of life recyclers or treatment facilities. It provides the basic information to assure an appropriate end of life treatment for the components and materials of the product.
Recyclability potential	94% The recyclability rate was calculated from the recycling rates of each material making up the product based on REEECY'LAB tool developed by Ecosystem, for components/materials not covered by the tool, data from the EIME database and the related PSR was taken. If no data was found a conservative assumption was used (0% recyclability).
