OptiLine 45

Reference number overview	48
---------------------------------	----

OptiLine 45

The 45 direct Click-in installation system

Electrical, telephone and data installations must be easy to install, safe to use and flexible enough to ensure that changes are easy to make. The design of the visible parts must also set the right tone in the office.

OptiLine 45 direct click-in installation system provide integrated installation solutions for ceilings, walls, floors and desks.

Together with Unica wiring devices, solutions are created that fulfil the most stringent demands for function, design, convenience and safety.

Direct click-in installation system

- 45 mm front opening
- Direct click-in of Unica 45x45 module wiring devices which gives optimal function and design.

Environment-friendly

- Only lead-free and cadmium-free PVC is used
- The aluminium range offers a halogen-free alternative, including accessories.

New Unica 45x45 module wiring devices

New Unica is a wiring device series suitable for direct click-in in OptiLine 45 trunking, poles, posts, floor boxes and service boxes.

Range

Unica offers a broad range of socket outlets, switches, VDI outlets and electronic products such as dimmers, movement detectors, thermostats and timers.

Main benefits

- Optional mounting direction for correct user interface in both trunking, poles and posts
- Connection piece for simple interconnection of double and triple outlets without space between
- 45° terminals. Easy to connect even though the outlets are close together
- Dual input and output terminals. For easy loop-through of additional connections such as earthing of trunking.

Trunking

A cost-effective installation with high capacity.

The range

Available in PVC or aluminium with one, two or three compartments.

Main benefits:

- Easy installation without the need of instructions. Accessories are mounted directly without adaptation
- 55 mm depth. High cable capacity and space behind the wiring devices
- Pre-punched slots in the partition walls of the PVC trunking. Easy to make holes or openings to feed cables between the compartments
- Trunking base and cover packed together, but not assembled. Easy handling
- Extra-secure click-in function and front locking clip. Gives improved pull-out force.

Poles

The best solution for a truly flexible office, with power, telecom and data services close to the workplaces. Fed from the ceiling, preferably from connection boxes. Free-standing and movable poles give extra freedom. A pole can be moved within a radius of up to 1.5 metres from the connection point in the ceiling.

The range

Available in aluminium, free-standing or tension-mounted. One or two-sided, or with four boxes.

Main benefits:

- Design: Aluminium with a high surface finish. Softly rounded and slender form
- Stable, sturdy design. Several parts are cast
- Movable poles have steady feet. The rectangular foot also allows poles to be installed back-to-back or against a wall
- The adjustable ceiling fixing for tension-mounted poles can be fitted easily without tools. Spring-loaded. Total working range of 400 mm
- Cable separation profile gives the correct spacing between VDI and power cables.

Posts

For power, telecom and data installations close to workplaces, on raised access floors, on screeded floor boxes in concrete floors or on in-cavity floors. Can also be used with other floors, in which case they are supplied via a floor feeder or a floor grommet.

The range

Available in aluminium in one and two-sided versions.

Main benefits:

- Design: Aluminium with a high surface finish. Softly rounded and compact form
- Stable, sturdy design. Several parts are cast
- Accessories for above-floor supply
- Cable separation profile gives the correct spacing between VDI and power cables.

Service boxes

Flexible solutions for the supply of power, telecom and data to desks in offices and conference rooms. The boxes can also be used as connection points in the ceiling for feeding of poles.

The range

- Five box types, all in natural anodised aluminium:
- A six-sided pop-up box, pre-wired with outlets, cable and plug
- A mini pop-up, empty
- A turnable and smoothly rounded one-sided box. Pre-wired with outlets, cables and plugs.
- A one-sided box, empty.
- A flip-up box for flush mounting in desks, empty.

Main benefits:

- The range covers many applications
- Many mounting options including concealed installation
- All products in aluminium and metal – high finish and impact resistant
- Ceiling cable feeder – flexible solution also for movable desks.

OptiLine 45 Trunking Presentation

Installation trunking with 45 mm front opening for direct click-in of Unica wiring devices

OptiLine 45 trunking are available in lead- and cadmium-free PVC or aluminium with a 45 mm front opening. All trunking are 55 mm deep, which gives a high cable capacity and space for cables behind the wiring devices. One of the main advantages is the easy installation. The design is symmetrical and all accessories are click-in mounted without any need of adaptations. It is also very easy to create cross sectional feeding of the cables in the PVC trunking thanks to the pre-punched slots in the partition walls.

Dedicated installation fixings and an extra-secure click-in function for the front and Unica wiring devices give a very reliable installation.

Also the handling is easy. The trunking base and cover are packed together, but not assembled.

Unica 45x45 module wiring devices

The OptiLine 45 range has a front opening for direct click-in of Unica 45x45 module wiring devices which gives optimal function and design.

Unica offers a broad range of socket outlets, switches, VDI outlets and electronic products such as dimmers, movement detectors, thermostats, timers.

The complete trunking system

- | | |
|-------------------------------|---------------------------------------|
| 1. Trunking base | 12. Joint cover piece for front cover |
| 2. Front cover | 13. Jointing piece |
| 3. Internal corner | 14. Front locking clip |
| 4. External corner | 15. Sealing strip |
| 5. Bend 90°, incl wall fixing | 16. Earthing kit (Aluminium trunking) |
| 6. Stop end | |
| 7. Wall/ceiling frame | |
| 8. Joint cover piece | |
| 9. T-piece | |
| 10. Cable retainer | |
| 11. Cable shelf | |

Click-in accessories

All accessories are designed for easy click-in mounting without tools.

- Easy installation without instructions
- Mounted directly without adaptations
- Mounted when trunking is in place.

Efficient mounting support

Both PVC and aluminium trunking profiles are prepared for fast, exact and reliable installation.

- Pre-punched oval holes every 25 cm
- Easy to make X and Y adjustments.

Professional tools and fixings

Dedicated tools and fixings for fast and safe installation.

- Extra long drills and bits to avoid damaging the front when using a drilling machine
- Fixings suitable for any material
- Screws for PVC trunking
- Screws to be used together with single-insulated wires.

Perfect joints

Two jointing pieces for exact levelling and a click-in joint cover piece to hide the gap

- Perfect joints
- No tools needed
- Joint cover piece in one piece
- The jointing pieces can also be used for joints without joint cover piece.

Adjustable corners

The adjustable corners are delivered in one piece.

- Easy and quick to mount
- No adaptations needed.

The cable retainer – a helping hand

The cable retainer keeps all the cables in place in the trunking during the installation.

- Faster installation
- One man can do the work
- Green colour for quick identification
- Can remain in place also after the installation.

Secure front cover

Auto-guided and extra secure click-in for the front. High-quality material.

- Easy to mount also when kneeling
- Works reliably even at low temperatures
- Can not be opened without a tool
- IP40 classified.

Pull-out safe outlets

Extra secure click-in function combined with a front locking clip.

- High pull-out loads on the wiring devices
- Design aligned with Unica.

Pre-punched slots for easy hole making

Pre-punched slots in the PVC partition walls.

- Easy hole making by hand or with a screwdriver
- Allows cross-sectional feeding of cables.

Easy feeding without threading

The pre-punched slots can be cut up with a cutting shears.

- The cables can be laid in without threading
- Very easy to feed cables between the compartments
- Cables and outlets can be separated.

Protective foil

Protective foil on both sides of the trunking base and on the front cover. The main product references including pictures are printed on the foil.

- No surface damages during the installation
- Easy to order new parts.

Dust protection

A sealing strip can be fitted between the trunking and the floor.

- 5-15 mm coverage
- Easy cleaning
- Solid impression.

Smart package

The trunking base and front covers are packed together, but not assembled.

- Easy handling
- No damages. The covers are protected until final installation.

OptiLine 45 Trunking Presentation

Three-compartment trunking

The three-compartment trunking allows a dedicated space for the wiring devices.

- Maximum distance between VDI and power cables
- High capacity
- Easy installation.

Symmetrical design

The trunking base is symmetrical and has a softly rounded form.

- Easy and safe mounting
- No risk of installing the trunking upside-down
- The trunking form guides the accessories in place.

55 mm depth

All trunking are 55 mm deep.

- High cable capacity
- Space enough for 3x2.5 mm² cables behind the wiring devices.

Perfect bends

The bend kit includes an adjustable fixing device to be screw-fitted to the wall.

- Large tolerances when cutting and fixing the trunking
- Self-guiding mounting of the bend piece
- Perfect result and finish.

High classification

The trunking is IP40 and IK07 classified.

- Safe and impact resistant
- Can not be opened without a tool.

The PVC trunking is fire classified in category M1.

One-compartment trunking

Suitable for both installation and distribution. A cable shelf separates VDI cables from power cables.

Dedicated VDI trunking

A non-symmetrical two-compartment trunking especially intended for VDI installations.

- Extra space for VDI cables in the larger lower compartment
- Long distance between VDI and power cables.

Easy earthing of aluminium trunking

The aluminium trunking base and front cover has easily accessible earthing rails. A pre-mounted earthing kit is available on one reference number.

- Easy to order
- Quick and easy to mount
- Screwless mounting.

	Front cover, aluminium, with earthing slots	Anodized	45/16/2000	24 m	3606480028489 ISM10950
Cable shelf					
Single cable shelf to be mounted in the trunking base, providing separation between power and low voltage cables. Supplied in lengths of 1 m. Material: PVC.					
	Cable shelf	White	17/47/1000	24 m	3606480028410 ISM10902
Joint cover piece for front cover					
Joint cover piece intended to cover joints between two front covers. Package of five. Material: PC/ABS.					
	Joint cover piece for PVC front cover	Polar white	47/20/23	5	3606480681929 ISM10903P
	Joint cover piece for aluminium front cover	Alu metallic	47/20/23	5	3606480028496 ISM10951
Joining piece					
Internal joining piece intended to facilitate jointing of two PVC trunking bases. May also be used to mount the joint cover piece. Package of ten. Material: PC/ABS.					
	Joining piece	White	4/51/100	10	3606480028441 ISM10904
Front locking clip					
Front locking clip to be mounted on either side of an outlet in order to secure pull-out forces. Package of ten. Material: PC/ABS.					
	Front locking clip	Polar white	45/23/23	10	3606489604141 ISM10909P
Cutting shears					
Cutting shears for PVC material. To be used when for instance cutting slots in the partition walls of PVC trunking (sizes 140 and 185) for easy cable laying between compartments. Also suitable when cutting front covers, cable shelves or other PVC length material, instead of using a saw. Material: Steel.					
	Cutting shears	Orange	230/22/80	1	3606480028472 ISM10908
Label holder					
Label holder for marking purposes. Package of ten. Material: PC/ABS.					
	Label holder	White	23/23/45	10	3606489843021 ISM10920P
		Anthracite	23/23/45	10	3606489843038 ISM10921

OptiLine 45 Poles

Presentation

Service poles with 45 mm front opening for direct click-in of Unica wiring devices

OptiLine 45 service poles with a 45 mm front opening offer very flexible installation solutions, bringing power, telecom and data directly from the ceiling to the desk.

The poles have a softly rounded and slender form and are made of aluminium with a high surface finish, either natural anodised or powder coated white. They are installed free-standing in the room mounted on a foot and movable within a radius of up to 1.5 metres from the connection point in the ceiling, or tension-mounted between floor and ceiling. Both types are available in one and two-sided versions, or with four boxes.

The spring-loaded and adjustable ceiling fixing for tension-mounted poles can be fitted easily without tools.

Unica 45x45 module wiring devices

The OptiLine 45 range has a front opening for direct click-in of Unica 45x45 module wiring devices which gives optimal function and design.

Unica offers a broad range of socket outlets, switches, VDI outlets and electronic products such as dimmers, movement detectors, thermostats, timers.

OptiLine 45 Poles Presentation

Design, finish and quality

All OptiLine poles are made of aluminium, anodized or powder coated, with a high surface finish. The form is softly rounded and slender. All parts are designed to give reliable function and easy installation.

Many mounting options

Accessories for all mounting options. The ceiling frame for the flexible conduit is mounted without a tool and can be adjusted to different ceiling thicknesses.

Stable and sturdy

All parts in aluminium, several are die-cast. Foot in sand-cast iron.

- Stable and sturdy design
- Reliable function
- High-quality impression.

Innovative square foot

The foot has a steel clamp that can be unfolded for extra support.

- Steady
- Nice installation close to the wall
- Two poles can be placed back to back.

Handy ceiling fixing

Fitted easily without tools.

- Self-locking adjustment.
- Quick and safe installation
- 400 mm working range
- Mechanism outside the pole – does not interfere with the wiring devices.

Correct user interface

Unica is also designed for vertical mounting

- Correct user interface
- Correct load on VDI patch cords

Cable separation

Partition profile for good separation of cables.

- Correct distance between VDI and power cables
- Full isolation between terminations and cables.

Screw slots

Slots along both sides of the pole.

- For decorative colour strips
- For products like spotlights, small shelves etc.

Flexibility

The movable pole has a steady foot and a flexible conduit.

- Easy to move the poles to optimize the office layout
- 1.5 m action radius.

Smooth stop-end

Stop end in cast aluminium with smoothly shaped edges.

- Covers the sharp cut of the base profile
- No risk of damaged cables.

OptiLine 45 Posts Presentation

Service posts with 45 mm front opening for direct click-in of Unica wiring devices

OptiLine 45 service posts with a 45 mm front opening give a neat installation solution on all types of floors.

The posts have a softly rounded and compact form and are made of aluminium with a high surface finish, either natural anodised or powder coated white. They are available in one and two-sided versions.

On raised access floors and in-cavity floors the posts are fed from under the floor. On concrete floors the feeding comes from a screeded floor box. For other floors a floor feeder is available as an accessory.

Unica 45x45 module wiring devices

The OptiLine 45 range has a front opening for direct click-in of Unica 45x45 module wiring devices which gives optimal function and design.

Unica offers a broad range of socket outlets, switches, VDI outlets and electronic products such as dimmers, movement detectors, thermostats, timers.

OptiLine 45 Posts Presentation

Full flexibility

For a truly flexible solution, go for our two-sided outlet post with a special fixing for the floor grommet. Canalis busbar trunking and mesh trays distribute power and networks under the floor and further up to the post through the floor grommet. The floor grommet suits any type of floor and can be installed where required. Should needs be changed, just remove the post, put the cover back, install a new grommet and move the post to where it is needed.

Tube adaptor

With a tube adaptor in the floor grommet you can supply power and data to a furniture box instead.

Stable and tight

When not in use the centre cover makes the floor grommet tight, withstanding both water and high loads.

Design, finish and quality

All OptiLine posts are made of aluminium, anodized or powder coated, with a high surface finish. The form is softly rounded and slender. All parts are designed to give reliable function and easy installation.

Stable and sturdy

All parts in aluminium, several are die-cast.

- Stable and sturdy design
- Reliable function
- High-quality impression

Feeding along/under the floor

Posts could be fed from the floor or along the floor

- Floor fixing for feeding from the floor as a standard
- Floor fixing with slot for floor feeder as an accessory

Feeding from trunking

The post can be fed from a wall trunking.

- Easy and fast installation
- Floor feeder adaptor with adjustable height

Screw slots

Slots along both sides of the post

- For decorative colour strips
- For products like hooks etc.

Cable separation

Partition profile for good separation of cables.

- Correct distance between VDI and power cables
- Full isolation between wiring device terminations and cables

Wet sealing

The floor fixing can be provided with a gasket ring.

- Gasket ring included in the package
- Effective wet sealing
- Stable mounting also on slightly uneven floors

Correct user interface

Unica 45x45 modules are designed also for vertical mounting

- Correct user interface
- Correct load on VDI patch cords

OptiLine 45 Service boxes

Presentation

Service boxes with 45 mm front opening for direct click-in of Unica wiring devices

OptiLine 45 service boxes provide flexible solutions for the supply of power, telecom and data to desks in offices and conference rooms. The basic boxes can also be used as access points in the ceiling for feeding of poles.

Three box types are included in the offer:

- A six-sided pop-up box, pre-wired with outlets, cable and plug.
- A mini pop-up box, empty for three modules, with strain relief.
- A flip-up box, empty for five modules. For flush-mounting in desks. Fixing elements, earthing cable and strain relief included.
- A turnable and smoothly rounded one-sided box. Pre-wired with outlets, cables and plugs.
- A one-sided basic box.

All boxes are made in natural anodised aluminium with a high finish. Many boxes are delivered pre-wired for easy ordering and quick installation.

The pop-up box and the turnable boxes offer unique user advantages in terms of design and accessibility.

Flush-mounted desk unit

P.117515

Type	Colour	Dimensions A/B/C (mm)		Qty per package	EAN code	Ref. No.
Desk unit with flip lid						
Flush-mounted desk unit provided with a flip lid. Empty, intended for 12 modules (12x22.5 mm). To be mounted in a desk-top. Fixing elements, earthing cable, strain relief and mounting instruction included. Thickness of desk-top: 10-40 mm, hole dimensions: 142x295 mm. Material: Aluminium, steel, powder coated.						
Desk unit with flip lid	Grey	105/160/305		1	3606480317507	ISM20410

Manual pop-up desk units, empty

P.117516

Pop-up desk unit, empty						
Pop-up desk unit, one-sided, manual. Including earthing cable, strain relief and mounting instruction. When inactive, the pop-up unit is flush with the desk-top. By a light pressure on the top, the unit can be lifted up from the desk surface. When not in use, it is easily pressed back to the flush position. Ordinary power and data plugs can remain in the outlets also in the flush position, since the cover is provided with a soft rubber membrane that allows the cables to exit in any direction (360°). Hole dimension: diam 100 mm. Material: Aluminium, anodized.						
Manual pop-up box, 6-module*	Anodized	252/112/-		1	3606480317484	ISM20400
Manual pop-up box, 8-module*	Anodized	297/112/-		1	3606480317491	ISM20401

* 1 module = 22.5 mm

Accessories for desk units

Type	Colour	Dimensions A/B/C (mm)		Qty per package	EAN code	Ref. No.
Ceiling cable feeder						
Cable feeder including base profile with separation wall and cover. Diameter 52 mm. For cable feeding from ceiling to work-desk. Material: Aluminium, natural anodized or powder coated white.						
Cable feeder	Anodized Polar white	3200/Ø52		1	3606480030505 3606480687112	ISM20800 ISM20801P
Round foot						
Round foot to be fixed to foot adaptor to provide a stable base to the ceiling cable feeder. Fixes to the foot adaptor by means of two M6 bolts (included). Material: Cast iron, painted.						
Foot, round	Grey	29/Ø317		1	3606480030581	ISM20808
Flexible conduit						
Flexible conduit (split tube), Ø25 mm, to be used for cable feeding from ceiling to service carrier or from floor outlet box to desk top. Cables to be laid by using dedicated mounting tool. Material: PP.						
Flexible conduit	Grey metallic	Ø25/2000		2	3606480150340	ISM50850
Ceiling frame						
Ceiling frame intended to lead flexible conduit through false ceiling. To be mounted in circular hole, Ø125 mm, by using three included clamps. Also including a slotted plastic plate to be used to lock the flexible conduit, which is fixed by cable ties. The plate can also be used as a drill template for entrance hole Ø125 mm. Material: PC/ABS.						
Ceiling frame	Polar white	89/Ø161		1	3606480682216	ISM20812P
Floor grommet						
Grommet for floor applications, intended to suit a special version of the two-sided service post. Including trim frame with fixing devices, two-part cover and sealing foam for protection from dust and wet floor-cleaning. The cover has the function of a water-tight blank plate when no service post has been installed. When installing a post, the removed part of the cover remains in the grommet, secured by a strap. Hole diameter 127 mm. Material: Zinc, chromium plated.						
Floor grommet	—	38/Ø147		1	3606480160769	INS40550
Earthing kit						
Kit including earth wire with flat pin connectors and earthing clamps. To be used to connect the front cover to the base profile.						
Earthing kit	Yellow/green	L = 200 L = 300		10 10	3606480028519 3606480028526	ISM10953 ISM10954
Earthing clamp						
Earthing clamp to be used for bonding of front cover, base profile and accessories to earth. Material: Steel.						
Earthing clamp	—	9/9/9		20	3606480028502	ISM10952
Modular device adaptor						
2-module adaptor for 1-2 modular devices like for instance miniature circuit breakers. With transparent grey cover. Material: PC+ASA, white or alu metallic.						
Modular device adaptor	Alu metallic	90/72/45		1	3606480028540	ISM10957

Technical description

Description

OptiLine 45 desk units are made of natural anodized aluminium. Three types are included in the offer;

- A basic rectangular one-sided version made up by a base profile with accessories. To be mounted on desk, cable tray or wall by means of dedicated fixings. The unit can be installed in an OptiLine 70 post by incorporating an accessory kit. Supplied in an empty version in five sizes, to be used for customer configuration. Feeder accessories comfortably bring cables from the ceiling to the box.
- A flush-mounted desk unit provided with a flip lid. To be mounted in the desk-top, intended for single user application.
- A turnable one-sided desk unit, with smoothly rounded design. The box is standing on two designed feet and can be turned around its own axis to the desired position. Supplied in different configurations with cables and plugs.
- A one-sided manual pop-up desk unit, intended for single user applications, mounted in the desk-top (office application), or in kitchen table-tops (residential application).
- A round 6-sided pop-up desk unit, supplied in different configurations. The unit is intended for mounting in for instance conference tables, where there is a need for occasional connections to power and VDI.

Benefits

- Made of natural anodized aluminium with a high finish.
- Many desk units are pre-wired for easy ordering and quick installation.
- Pop-up and turnable desk units offer unique user advantages in terms of design and accessibility.
