

Smart Manufacturing solutions

We help our customers create future-ready pharmaceutical manufacturing and biotech facilities.

INDUSTRIAL INFORMATION MANAGEMENT

Smart Manufacturing

Boost Manufacturing Efficiency

Digital Process engineering

Start your digital asset life-cycle
Reduce time to market and improve
operation and maintenance consistency.

Process Automation

Innovative control solutions for single
use, batch and continuous
pharmaceutical production process

Smart Machines & Robotic

High speed motion automation offer
and know-how for outstanding
performance

Process Analytical Technology

A range of process analyzers and tools to support
PAT initiative and improve product quality

HMI and Data Integration

IoT ready system platform for better
collaboration and reduced TCO

Industrial Information Management

Transformation of your data into actionable
knowledge and wisdom

Recipe and Batch Management

Best in class solutions for management of
flexible production process in regulated
environment

Manufacturing Operation Management

Multi-site IT platform for best in class operation,
performance and quality

Simulation & Augmented Reality

Helping you to better understand your complex
process and take efficiency to the next level

Industrial Information Management (1/2)

Transformation of your data into actionable knowledge and wisdom

- Operational insights for monitoring and control: our solution is a complete toolset for crafting information gluts into information assets.
- It captures and stores high-fidelity industrial big data, to unlock trapped potential for operational improvements.
- You can then transform industrial data into actionable intelligence wherever you are.

Fujirebio Diagnostics

Implementing electronic equipment monitoring system

Customer Challenge

- Reduce time spent on report reviews manually
- Reduce errors and improve accuracy of reports
- Ensure new system is compliant with regulations

The Solution

- Aveva System Platform
- Aveva Workflow
- Aveva Historian®
- Aveva InTouch®

Customer Benefits

- Switch to electronic and paperless reporting
- Time saved on man hours per year

The Results: Life is On with...

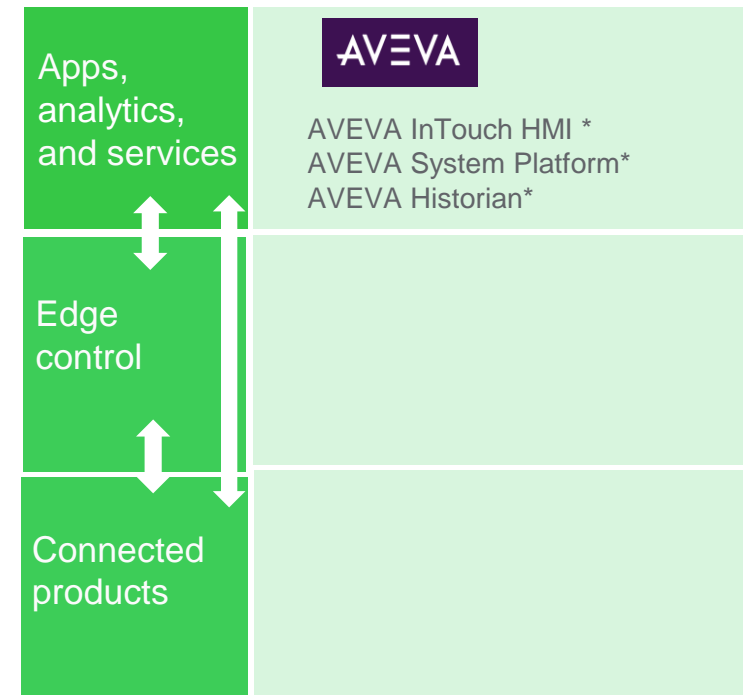

66% savings in time spent in reporting

“The largest benefit of the equipment monitoring system is that we are logging automatically now rather than manually, so it’s saving us about 1,100 man hours per year”.
