The KNX weather station basic V2 records weather data, analyses these and can transmit them to the bus. The device has a wind sensor, precipitation sensor, temperature sensor and 3 brightness sensors.

- Self contained outdoor weather station
- For measuring wind, rain, brightness and temperature
- For fully automatic blinds and sun protection control with automatic adjustment of blinds according to position of the sun
- Rain sensor with integrated heating
- The weather station can also be operated without mains supply. The heating of the rain sensor will not function then
- Measurement and evaluation directly on device
- Sun protection for up to three facades via 3 integrated brightness sensors
- 8 sun protection channels
- 4 additional threshold channels for connection of external KNX sensors
- 6 logic channels
- Display of weather data on visualisation

Suitable for mounting on an outside wall or with optional accessories on a corner or on a mast. With integrated bus coupler. The bus is connected using a bus connecting terminal. An additional AC 230 V power supply is required for the heating unit.

**KNX software functions:**
- Adjustment of slat position according to current position of the sun.
- Sun protection area both horizontal (azimuth) and vertical (elevation) can be set exactly.
- 3 installed brightness sensors at 90° spacing.
- 2 objects for external brightness sensors.
- Shading can be temporarily interrupted via object.
- Universal channels with AND/OR linking of weather parameters.
- Threshold channels with delay with falling below and exceeding.
- Logic channels with 4 input objects + internal link that can be configured with status of the universal and threshold channels.

**Power supply:**
- AC 110-230 V, 50-60 Hz
- Power consumption: max. 10 mA with bus voltage
- Stand-by consumption: < 0.5 W
- Measuring range:
  - Brightness: 1 - 100000 lx
  - Temperature: - 30 °C ... + 60 °C
  - Wind speed: 2 - 30 m/s
- Ambient temperature: - 20 °C ... + 55 °C
- Protection class: II
- Type of protection: IP 44
- Dimensions: 227x121x108 mm (LxWxH)
- Accessories: Mast and corner fastening for KNX weather station basic V2  MTN6904-0002

**Mast and corner fastening for KNX weather station basic V2**

- For corner installation of max. 2 KNX weather stations basic V2.
- For mast installation of 1 KNX weather station basic V2.
- Diameter 48–60 mm.
- To be completed with: KNX weather station basic V2  MTN6904-0001
