Product	Socket outlets
Applicant	Schneider Electric Danmark AS Lautrupvang 1 DK 2750 Ballerup Denmark
Manufacturer	Schneider Electric Danmark AS Lautrupvang 1 DK 2750 Ballerup Denmark
Factory	Elda-Eltra Elektrotechnika S.A. ul. Bugno 1 PL-78.400 Szczecinek Poland ☐ See next page(s)
Ratings	16A 250V
Trade mark	LEXEL
Model / Type Ref.	101414
Principal characteristics	Flush-type two fold. Surface-type two fold and four fold. With shutters. Screw terminals. All colours. Standard sheet III, I and V. IP20, IP21, IP44 Class 0 and I ☐ See next page(s)
A sample of the product was tested and found to be in conformity with	INST NEK-IEC 60884-1:2002;am1;am2 and NEK 502:2006
Replaces	This certificate replaces previous certificate No. P14219135, due to addition of new cover parts.
Validity	This certificate documents conformity with the standards shown, and also applies as license for use of Nemkos name and certification mark. The certificate and license is valid as long as the applicable conditions are complied with, and provided that any changes to the product are notified to Nemko for acceptance prior to implementation. New standards or amendments to the standards may imply that the product design must be updated and/or that re-testing and re-certification is necessary.

Product	Socket outlets
Pos. No	1
Model / Type Ref.	101414-02
Trade mark (if different from page 1)	
Rating	16A 250V
Principal characteristics	Flush-type two fold. Surface-type two fold and four fold. With shutters. Screw terminals. All colours. Standard sheet III, I and V. IP20, IP21, IP44 Class 0 and I

Product	Socket outlets
Pos. No	2
Model / Type Ref.	101443
Trade mark (if different from page 1)	
Rating	16A 250V
Principal characteristics	Flush-type two fold. surface-type two fold and four fold. With shutters. Screw terminals. All colours. Standard sheet III, I and V. IP20, IP21, IP44 Class 0 and I

Product	Socket outlets
Pos. No	3
Model / Type Ref.	101443-02
Trade mark (if different from page 1)	
Rating	16A 250V
Principal characteristics	Flush-type two fold. Surface-type two fold and four fold. With shutters. Screw terminals. All colours. Standard sheet III, I and V. IP20, IP21, IP44 Class 0 and I

Additional information	The design of the socket-outlet with base type 101414-02 and 101443-02 is consisting of plastic threads in socket for connecting cover to socket base. The design of the socket-outlet base type 101414 and 101443 is consisting of metal threads in socket for connecting cover to socket base.
