

Product update

Evolution on mounting plates

> November 2010

As part of our continuous commitment to make life easier for our customers, we reviewed our mounting plates, for easy selection.

Our offer previously had 30 dimensions, which required you to hold a large level of stock. In January 2010 we upgraded parts of our offer by merging some references. This will make it easier for you to manage your stock.

Plain

Perforated

> Benefits:

- > Improved stock level (1 ref = 2 sizes, hence MM68 = 600 x 800 or 800 x 600)
- > Easy selection (no risk of mistakes)
- > One mounting plate for all enclosure types (Steel, Stainless steel and GRP).

Please note this new upgrade, means there is a 15mm loss in the length and width of the plain chassis plate and only references which can be inverted are included in this change.

Technical specification

The table below shows the affected chassis plates and the new references:

Actual length	Actual Width	Old ref	New plain	Dimensions of enclosure	New perforated
250	350	MM34	NSYMM43	400 x 300 and 300 x 400	NSYMF34
350	250	MM43			
350	550	MM46	NSYMM64	600 x 400 and 400 x 600	NSYMF64
550	350	MM64			
550	750	MM68	NSYMM86	800 x 600 and 600 x 800	NSYMF86
750	550	MM86			
750	950	MM810	NSYMM108	1000 x 800 and 800 x 1000	NSYMF108
950	750	MM108			
750	1150	MM812	NSYMM128	1200 x 800 and 800 x 1200	NSYMF128
1150	750	MM128			
950	1150	MM1012	NSYMM1210	1200 x 1000 and 1000 x 1200	NSYMF1210
1150	950	MM121
