- (c) The provisions of this Clause 9 and the utilization of the Bonds by Schneider Electric shall in no way affect Schneider Electric's rights and remedies expressly reserved in this Agreement or bar Schneider Electric from claiming any loss or damage incurred or sustained by Schneider Electric from the Supplier in the event of any breach of the provisions of this Agreement by the Supplier.
- (d) The Supplier shall provide additional Bonds to Schneider Electric forthwith such that at any one time, the total amount of the amount guaranteed under each Bond is equivalent to the amounts stated in Clauses 9(a) if:

- (e) At Schneider Electric's choice, the Supplier may be paid either by Schneider Electric or Boissière Finance, the company responsible for centralized cash management of the Schneider Electric Group mandated to pay its suppliers. Under no circumstances shall payments made by Boissière Finance to the Supplier cause it to assume the rights and obligations of Schneider Electric vis-à-vis the Supplier pursuant to the Agreement; and as such, the Supplier may not make nor institute any claim or proceeding against Boissière Finance in relation to the Purchase Order.

- (d) For the avoidance of any doubt, Schneider Electric's attendance at the testing and inspection (or retesting and reinspection) or failure to do so shall not be interpreted as Schneider Electric's endorsement of or acquiescence to the quality of the Products, Works and/or Services, or a waiver of any right or remedy Schneider Electric has or may have under this Agreement or applicable law, and shall not relieve the Supplier from its obligations set out in the Agreement.
- (e) Schneider Electric reserves its right to test and inspect any Product, Work and/or Service from time to time in the course

Products, Works and/or Services shall not be considered delivered and completed without the Final Acceptance Certificate. Schneider Electric's issuance of the Final Acceptance Certificate does not vitiate any of the Supplier's warranty and guarantee obligations under the Agreement nor a waiver of any right or remedy Schneider Electric has or may have under this Agreement or applicable law if a Defect is later found or discovered.

16. INDEMNITIES

- (a) The Supplier shall indemnify and hold Schneider Electric (including but not limited to Schneider Electric's directors, officers, employees, agents, representatives and assigns) harmless against any and all liabilities, losses, damages, costs and expenses (including legal or attorney's fees) which are imposed against, and incurred or suffered by Schneider Electric (including its directors, officers, employees, agents, representatives and assigns), including direct and indirect, consequential and incidental loss and damage, loss of profit, loss of revenue, data/information, interest, capital, financing, good will, business reputation, use, business and business opportunity in connection with the manufacture, delivery, Defect or non-conformity of the Products, Works and/or Services, or otherwise arising from any performance or non-performance or breach of any representations, warranties or obligations under the Agreement, including but not limited to death and personal injury, and loss and damage to property.

The Supplier shall comply with all provisions under the relevant insurance policies.
- (d) The consent of Schneider Electric to the insurance and limits set out in this Clause 17 shall not be considered as a limitation of the Supplier's liability under the Agreement nor an agreement by Schneider Electric to assume liability in excess of the said amounts or for risks not insured. Failure of the Supplier to maintain complete insurance coverage does not lessen the Supplier's liability and may be deemed a material breach allowing Schneider Electric to terminate the Agreement.

- (e) Upon execution of the Agreement, and thirty (30) days prior to the expiration of the required insurance policies, the Supplier shall furnish Schneider Electric with a Certificate of Insurance, in a form acceptable to Schneider Electric. The Certificate of Insurance must be signed by an authorized representative of the Supplier's insurers and show that the insurance coverages and limits of liability itemized in the insurance paragraph are being provided by the Supplier's insurers, showing the effective and expiration dates, policy numbers and insurer, acknowledging contractual liability insurance for the Agreement, name Schneider Electric, its parent company and subsidiaries and their respective directors, officers and employees as additional insured, confirm deletion of the "Other Insurance Clause" of the General Commercial Liability insurance policy and waive rights of subrogation by insurers in favor of Schneider Electric. The Certificate of Insurance shall also contain the following statement: "No reduction, cancellation or expiration of any of these insurance policies shall become effective until at least thirty (30) days written notice thereof is received by Schneider Electric." Upon request, the Supplier shall furnish Schneider Electric with a copy of each such policy.
- (f) Without prejudice to any remedy available under the Agreement or any applicable law, Schneider Electric shall have the right to order the Supplier to suspend the performance of any relevant Purchase Order unless and until the Supplier produces the proof of insurance coverage, payment of insurance premiums and the rectification of any breach of the insurance policy (if any).

- (g) Pursuant to Clause 18(e):
 - (i) if required by Schneider Electric or applicable law, the Supplier shall fully cooperate and provide all necessary assistance, including procuring and securing from its employees and related third parties any and all such rights or release, to put into written effect the vesting of any title, interest, benefit and right of the Supplier's Foreground IP to Schneider Electric; and
 - (ii) accordingly, the Supplier shall notably, but not limited to:
 - (1) provide to Schneider Electric, on request, the source and object programs/codes for the software that forms part of the Foreground IP and any associated documentation;

alleged, the Supplier shall hold Schneider Electric harmless from and against any and all legal action and indemnify Schneider Electric against all and any liability, losses, damages (including legal counsel's fees, costs of court proceedings, and other costs for resolving the claims) and defend such action or claim at Supplier's sole expense. In such situation, Schneider Electric shall reserve the right to withhold any money due or to be due to Supplier or call upon Supplier to furnish additional security, in an amount which in the opinion of Schneider Electric, acting reasonably, is necessary.

- (ii) Without prejudice to any remedy available under the Agreement or otherwise provided by applicable law, the Supplier shall at its entire and own expense:
 - (1) procure from such third party, the right for the continued use by Schneider Electric and its Clients of the affected Products, Works and/or Services; and/or
