

Dry Contact I/O Card Discontinuation Announcement

Dear Customers and Partners,

This Product End-of-Life Announcement is to confirm that the Dry Contact I/O Card (AP9613) will be discontinued and replaced by the latest generation card, AP9614.

Old SKU	Replacement SKU
AP9613	AP9614

AP9613 sales will be available until March 31st, 2025, or when stock runs out, whichever comes first. After this, AP9614 will be the only Dry Contact I/O Card to purchase.

The **AP9614** provides the following additional benefits:

- **Easy-to-use Web Interface:** Monitor your device wherever you are with the easy-to-use web user interface.
- **Best-in-class Security:** Advanced technology and features keep sensitive data secure with the newest and best-in-class security compliance.
- **Enhanced Firmware Update:** Easily update the firmware of your device via the new web user interface.

Milestone	Date
End of Sales	March 31 st , 2025, or when stock runs out
End of Service	March 31 st , 2026
