“Rack and stack” made Easy for Equipment Integrators and Converged Deployments. Cabinet paired with shock absorbing pallet, unloading ramp, and impact resistant shell.

---

**TWO-PIECE CARDBOARD OUTER WRAP**
- Easy reusable plastic locking clips
- Convenient place for integrator logos
- Conceals cabinet contents
- Shields equipment from dust and debris

**PROTECTIVE FOAM PADDING**
- Protects all exterior sides from handling damage
- Detailed instructions inside cardboard outer wrap and identifiers on foam pieces make repackaging easy

**EASY TO USE RAMP**
- Built in rails guide cabinet safely to floor
- Stores within pallet footprint and easily attaches to pallet
- Attaches securely to rear of pallet with guide pins

**PALLET MOUNTING BRACKETS**
- Secures cabinet to pallet during transit at front & rear
- Supports weight load prolonging life of castors
- Features access holes for bracket removal and easy lowering of the cabinet to the pallet deck for removal

**MULTI-LAYER PALLET**
- Absorbs impact and vibration during transit
- Distributes cabinet load evenly across pallet
- Supports weight of cabinet & equipment installed during integration / travel time

Cabinets designed to safely load, transport, unload and deploy a cabinet with up to 2000lb (900kg) of IT equipment installed.
NetShelter SX Cabinet for Shock Packaging

**ADDITIONAL MOUNTING RAIL FASTENERS**
- 24 additional fasteners beyond the standard equipment rail fasteners
- Supports load even under high vibration
- Holds rail position securely during transport

**CABINET ELEVATION BRACKETS**
- 4 brackets – 1 at each corner of the underside of the cabinet
- Removes weight load from the casters and supports the weight load on the pallet brackets attached at front/rear of the cabinet

**HEAVY DUTY CASTORS**
- More durability, higher load ratings, and smoother rolling profile ensure proper performance at the delivery site

**FIXED REAR CASTORS**
- Fixed rear castors aid in guiding the cabinet straight down the ramp during unloading
- Improves steering when fully loaded

**MULTIPLE HEIGHTS, WIDTHS, DEPTHS**
- Now available globally in more heights, widths, depths of NetShelter SX cabinets than ever before
- 24U option AR3104SP1 still available but with 1250lb (600kg) load rating and alternate packaging components then shown for 42, 45, & 48U cabinets

Customer Experiences

*Companies are already using NetShelter cabinets and shock packaging for their customer’s applications.*

- Cloud system migration from Orlando Florida Think Exhibit to Research Triangle Park in North Carolina.
- Also migrated system to a wider/deeper cabinet with more space for cable management and Rack PDUs
- Delivered fully populated EMC VSPEX converged systems from Avnet Integration facility to Las Vegas, NV for EMC World event
- Return shipment of systems from EMC World to demo centers
