

Peace-of-Mind Warranty, with a Discount for Uniflair and InRow Units

Introducing the Cool Upgrade Program, providing extended warranty coverage and a substantial discount on new cooling systems.

Uniflair™ units provide intelligent room-level cooling to racked or non-racked loads in medium and large data centers. They come in multiple configurations to suit all kinds of IT spaces and also provide cost-saving economizer mode options. InRow™ units provide close-coupled cooling, shortening supply and return air paths for additional efficiency and performance.

Our Cool Upgrade® Program provides your customers with additional service coverage for their total peace of mind that only a factory warranty can offer. Additionally, when buying Cool Upgrade with a new Uniflair or InRow cooling system, you'll receive a substantial discount on the whole solution.

1-year	2-year	3-year
parts, labor and travel warranty	parts only warranty extension	annual re-commissioning

*Cool Upgrade promotion requires the purchase of factory Start-up Service.

★ What your customers get with the Cool Upgrade Program:

- Total peace of mind with the parts-only **factory warranty extended to 3 years**
- CapEx savings with a **substantial discount** on the entire Uniflair or InRow solution
- Boosted reliability with **three annual re-commissioning visits from our technicians**

To help your customers extend their warranty and save on their new cooling solution, contact your local Cooling Sales Specialist or Certified Cooling Partner today.
