

NOTICE OF AUTHORIZATION TO APPLY THE UL MARK

2005-07-06

Mr. Paul Veauvy
Schneider Toshiba Inverter
32, Avenue Andre' Blanchet
F-27120 Pacy Sur Eure
France

Reference: File E116875 Project 05NK06938
USL- Cat. No. ATV71 followed by two digits, followed by two numbers followed by one digit,
Product(s): followed by one number, may be followed by one or two digits, may be followed by S
followed by three numbers.

Dear Mr. Veauvy,

UL's investigation of your product has been completed under the above project number and the subject product was determined to comply with the applicable requirements.

This letter temporarily supplements the UL Follow-Up Services Procedure and serves as authorization to apply the UL Listing Mark only at the factory under UL's Follow-Up Service Program to the subject product(s), which is (are) constructed as described below:

Similar to products covered in the UL Follow-Up Services Procedure, File E116875, Volume 2.

To provide the manufacturer with the intended authorization to use the UL Mark, the addressee must send a copy of this Notice and all attached material to each manufacturing location as currently authorized in File E116875, Volume 2.

This authorization is effective from the date of this Notice and only for products at the indicated manufacturing locations. Records in the Follow-Up Services Procedure covering the product are now being prepared and will be sent to the indicated manufacturing locations in the near future. Please note that Follow-Up Services Procedures are sent to the manufacturers only unless the Applicant specifically requests this document.

Products that bear the UL Mark shall be identical to those that were evaluated by UL and found to comply with UL's requirements. If changes in construction are discovered, appropriate action will be taken for products not in conformance with UL's requirements and continued use of the UL Mark may be withdrawn.

Sincerely,

D. Holmquist
