

Clearly visible safety chain makes your life easier

Flexibility and efficiency with modular marking system

Schneider Electric™ safety-chain identification for TeSys D contactors and TeSys U motor starters lets you:

Quickly locate the safety chain at a glance

Easily customise and adapt the control panel, at any time

Schneider
Electric™

Simple, customisable modular marking system

Standard TeSys D contactors

Easy-to-attach covers:

Auxiliary blocks for more contact points:

Standard TeSys U motor starters

Translucent labels to identify safety-chain devices:

Flexibility to customise contactors included in the safety chain during panel building

Simpler and faster maintenance with 100% visibility

Safety covers and auxiliary blocks prevent screwdriver contact with poles

Built-in safety

TeSys contactors and TeSys U motor starters are certified according to IEC 60947-4-1 for safety applications thanks to integrated mirror contact

Complete safety-chain identification system
