

High-Density NetShelter—AR1000HD & AR1001HD

Introduction

The manual enclosed with your AR1000HD or AR1001HD model NetShelter enclosure contains information on the standard AR1000A series enclosures. Your High-Density NetShelter enclosure is identical to the standard enclosures with the following exception: High-Density NetShelter has fully perforated front and back doors to permit greater airflow to installed equipment.

Product documentation

Refer to the manual for product information and installation instructions for your High-Density NetShelter enclosure. Product specifications are identical to those of the AR1000A series except for the ventilation specifications for the front and rear doors.

Item	Measurement
Ventilation (front door)	516 sq. in. (3390 cm ²)
Ventilation (rear door)	516 sq. in. (3390 cm ²)
