

APC SurgeArrest Essential Surge Protector and Charging Station

Convenient, accessible protection for work or at home

The APC SurgeArrest™ Essential product family represents the minimum level of surge protection that should be present on all of your computers and household electronics. State of the art circuitry protects sensitive electronic equipment against dangerous power surges and multiple surge events. The P3U3 model offers 3 surge protected outlets and a 1080 joule rating. In addition, 3 surge protected USB ports alleviate the threat of a surge or spike destroying your smart devices while they charge. The P3U3 also has a built in smart device charging stand, "Ground OK" wiring fault indicator, and 6 foot power cord. Finally, APC's lifetime product warranty and equipment protection policy guarantees customer peace of mind!

Basic Product Features

- **3 USB charging ports** protect your smart devices from dangerous surges and spikes
- **Smart device charging stand**
- **"Ground OK" LED** warns of potentially dangerous wiring problems in the wall circuit
- **6 ft Power Cord**
- **Catastrophic event protection**
- **Protection Working LED** notifies you when the unit needs a free replacement
- **Guaranteed protection & lifetime warranty** provide peace of mind

Protection

Lightning, surge and catastrophic event protection safeguards against surges and spikes and is guaranteed for life. Reliable thermal fusing helps ensure safe operation under all conditions.

Noise Filter reduces Electromagnetic Interference (EMI) and Radio Frequency Interference (RFI) to help avoid equipment lock-up.

Lifetime product warranty ensures customer peace of mind. The P3U3 will warn you if its circuitry has been damaged by a heavy strike or power line surge and it is unable to provide 100% protection. APC will then replace your damaged SurgeArrest free of charge.

Safety-Agency Approved means the product has been tested and approved to work safely by a third-party Nationally Recognized Testing Laboratory (NRTL).

Features and Specifications

MODEL	P3U3
Voltage and Frequency	120V, 50/60Hz
Cord length and plug type	6 ft with NEMA 5-15P
Joule rating	1080
# of outlets	3 NEMA 5-15 outlets, 3 surge protected USB charging ports
Wiring Fault & Protection Wkg LEDs	Yes
Data line protection	N/A
UL Clamping Voltage	L-N 400V, L-G 400V, N-G 400V
Safety Approvals	UL1449 3 rd Edition, UL1363
Product Warranty	Lifetime
Equipment Protection Policy*	\$50,000
