Electric

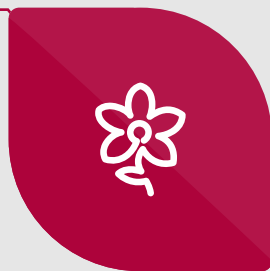

It's time to **#Unhide** your Distribution Boards.

Introducing Easy9 Customizable
distribution boards.
Now pick a cover of your choice.

Easy9 Philosophy

Easy on eyes

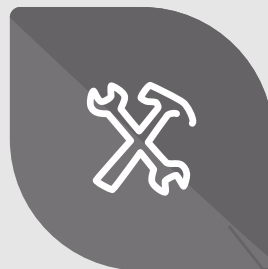

Easy on mind

Easy to sell

Easy to install

Easy on eyes

- “Personalize your DB” option available for making the DB a part of your home décor
- Attractive colour and Finish - blends in with most commonly used wall shades
- Clean design of DB door - no frame visible
- Ergonomic and aesthetically pleasing door knob

Step-1: Scan
Scan QR code or log on to the website

Step-2: Select
Choose from the pre-defined list of pictures (or) customize with a picture of your choice

Step-3: Personalize
Upload picture of your choice and review how the photo looks on the DB

Step-4: Checkout
Add to cart, enter delivery address and make payment. Get the product delivered to your door step

Easy on mind

- Assurance of SE brand quality and technology promise
- Reliable protection
- Complete and safe system - Overload, S/C and Earth leakage protection along with dedicated enclosures
- Conforming to international standards: Tested for IEC 61439 at NABL accredited laboratories. IP tested at CPRI
- IP43 and IK08 protection ensuring safety of operation and components inside
- Neutral bar insulated with plastic
- Glow wire tested

IK-08
tested

IP-30
Single door
IP-43
Double door

Trip Free Mechanism - tripping of devices is independent of knob position

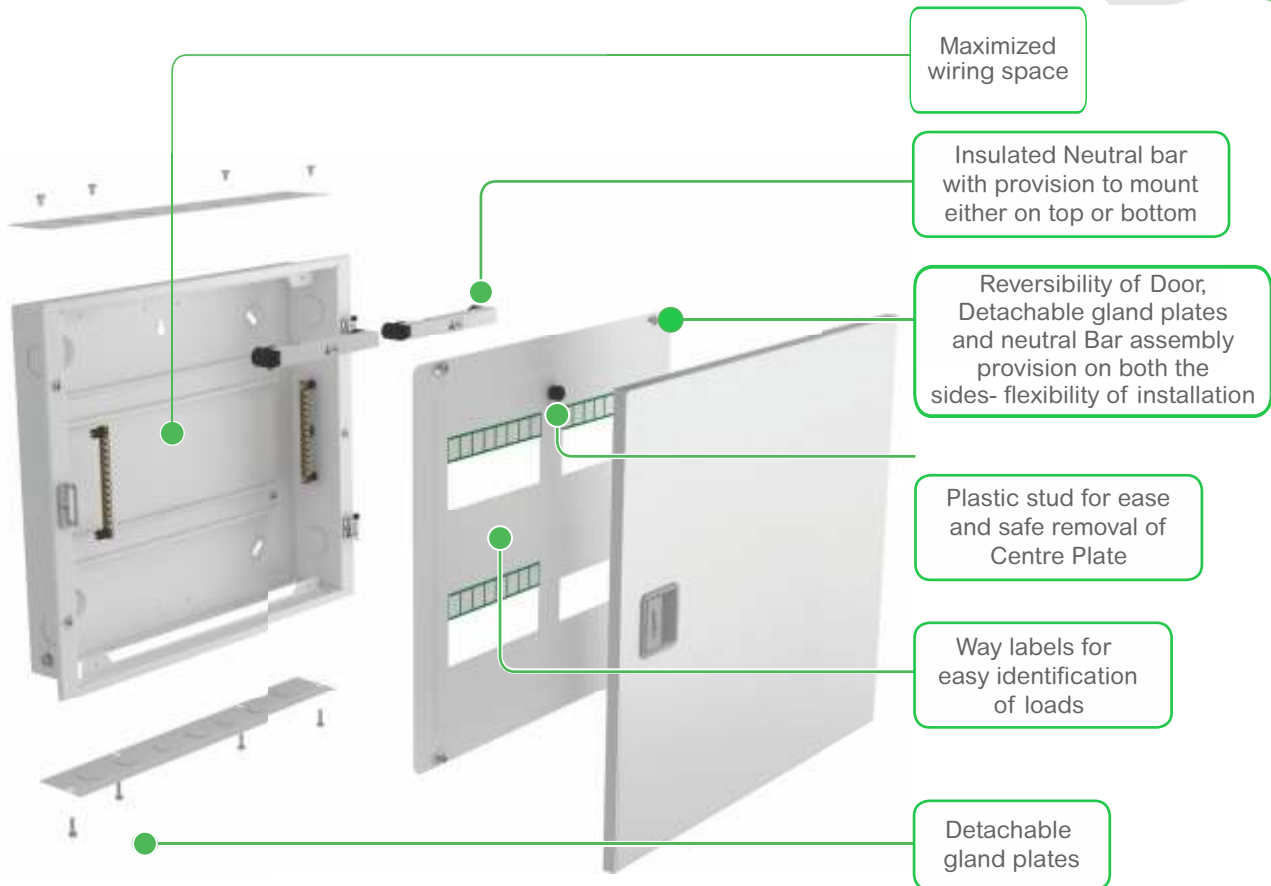

Voltage Independent RCCB - ensures protection even during voltage variations or loss of neutral

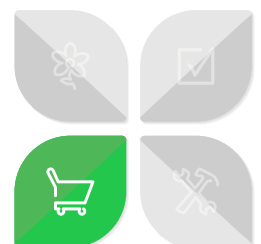

Suitable for positive isolation

Easy to install

Easy to sell

- Easy to select: Comprehensive offer - Easy9 becomes a “one stop shop” for all types of installation needs
- Clean identification with new labels (More visible on the shelves)
- Easy to use: Packaging (new packaging), handle and door knob (new design)
- “Cement spill protector” to avoid cement deposition and subsequent chipping off which may lead to damage of surface of DB and consequent rusting
- Easily available with distributors and retailers
- Fast running stock
