Life Is **On**

# The rhythm and energy that inspire all your moments

Miluz is the new modular wiring device range from Schneider Electric that matches all aspects of your daily life.

Miluz products are based on a contemporary design, are fully functional, highly reliable and resistant. Available in the design versions Bossa, Salsa and Jazz, the Miluz product range offers attractive features such as dimmers,

movement detectors and USB chargers. Another plus is that Miluz products are ecologically responsible. And best of all, they come with all these benefits and you don't pay extra from them.

iF Design Award

Recognised with the  
iF Design Award,  
Discipline Product

## Matches your style

Miluz meets all your requirements and desires with a range that renders your home even more beautiful and modern to a detail. Created by Questto N6, an internationally renowned and award-winning design studio, the Miluz concept is practical and offers the ultimate in design, making your life easier.

The Miluz design goes perfectly with all backgrounds and comes with a number of stand-out features:

- Modern, award-winning, pioneering design
- Smooth curves that blend in with the environment
- Modular system to meet your requirements
- Glossy finish
- Screwless cover plate
- Child-protection
- UV protection (to protect against fading by ultraviolet rays)

### iF Design Award

iF has hosted its Product Design Award since 1953 and attracts, each year, more than 2,000 product entries from around 37 nations, which are judged by renowned experts. The best entries receive the iF seal of outstanding design quality.

The Miluz modular switch range was recognized with the iF Design Award, Discipline Product thanks to its products' practical, attractive designs and functionality.

# Matches your rhythm

Satisfying the desires of stylish homeowners, Miluz offers beautiful finishes in sophisticated colors, giving a touch of class to any environment. The range evokes passion and vitality while also providing maximum flexibility and customization possibilities, to enhance your decoration. Available in various sleek plate finishes and color options, the Miluz range really stands out and demands attention.

**Miluz Bossa**

Miluz Bossa is available in white only, for a classic, yet discreet finish.

**Miluz Salsa**

Miluz Salsa has a silver, gold and brown finish, evoking passion, energy and inspiration.

**Miluz Jazz**

Miluz Jazz comes in a bronze finish and permeates joy, elegance and prestige.

# To the rhythm of practicality

The Miluz product line is designed with functionality and practicality in mind. All Miluz products come with a smooth curve design, and their glossy finish makes cleaning simple.

## Modular flexibility

The modular concept of Miluz products brings you the ultimate in flexibility, allowing a combination of functions.

Up to three functions can be operated from one plate, according to your requirements.

Plate for 1 module

Plate for 2 modules

Plate for 3 modules

Blind plate

## Quick and easy cleaning

Miluz brings you customer-friendly products that are designed to make your life easier. Cleaning is made easy thanks to the glossy finish with smooth curves, rendering a brilliant and bright aspect at all times.

# Versatility and functionality

## Movement detector

Movement detectors automatically switch on a light as soon as motion is detected. The light automatically switches off again after a predefined time. Not only does movement-detector functionality offer automation, it also helps to minimize the risk of accidents, and at the same time increases energy efficiency.

## USB charger

USB chargers allow electronic devices such as smartphones and tablets to be charged quickly. Since it is installed locally instead of a usual socket-outlet, searching for the recharger will be obsolete.

## Light dimmer

Light dimmers give homeowners full user-control over light brightness levels, depending on need and mood. Furthermore, this function helps to minimize your overall energy consumption.

## Buzzer

A buzzer fits seamlessly into the Miluz interface, offering a discreet finish and ensuring that your buzzer alert is placed in the optimal location.

## Fan control

Fan control means that you can now vary the velocity of your fans at the turn of a switch. Miluz has designed this functionality to increase comfort as well as save energy.

Miluz offers versatile features such as USB chargers, movement detectors, and dimmers, giving homeowners the ultimate in comfort, flexibility and energy efficiency.

**Socket with Child-protection**

Miluz offers you and your family peace of mind and safety with sockets that protect against accidental contacts, thanks to the integrated, enhanced contact-protection feature.

**Duplex socket**

Combine Miluz functions according to your needs with duplex socket technology.

**GFCI socket (shock protection)**

GFCI (Ground Fault Circuit Interrupter) sockets shut off an electric power circuit when they detect electrical current that is flowing along an unintended path, such as through water. This protection can reduce the risk of electric shocks and also prevent house fires.

**RJ11 connector**

RJ11 is a telephone connection standard that offers the ultimate for a high-performance connection.

**RJ45 connector**

RJ45 (Cat 5) is a data socket connector offering a reliable and fast data connection for voice, image and data.

# Sustainable

## Safety and beauty in one

Miluz ensures complete peace of mind for you and your family, with products that have been developed taking into account the culture of your region and developed in accordance with the strictest local safety standards.

### Designed with safety in mind

Subjected to extreme strength and resilience tests, Miluz offers high-quality, robust products that come with a long-lasting design. Thanks to their safety design, all socket-outlets are childproof and safe.

### Certifications

Miluz products are compliant with local safety standards.

# The sweet melody of economy

The Miluz product range is designed with the environment in mind, offering you energy efficiency while respecting global environmental and green directives. Miluz is a perfect match for you, your family and your finances.

## Eco-efficient products

Movement detector

Light dimmer
