

APC Line-R LSW Series

Automatic Voltage Regulators

Reliable Protection

Protect your sensitive electronic equipment from brownouts and over voltages with APC Line-R automatic voltage regulators (AVRs).

Uncorrected voltage fluctuations gradually degrade the life of electronic components, potentially causing premature failure.

The Line-R not only adjusts voltages to safe levels, but also provides surge protection against electrical surges, spikes and even lightning.

3 Grounded Outlets

Provides reliable AVR protection

Children Safety Shutters

Protects users from accidental contact with unused outlets

Extended Input Voltage Range

Allows for 230V (160 to 284V)

Power Switch with Built-in Circuit Breaker

Easy reset of the circuit breaker

Built-in Surge Protection

148 Joules to protect your devices from damaging surges or spikes.

2-Year Warranty

Life Is On

Technical Specifications

SKU	LSW500-IN	LSW800-IN	LSW1200-IN
Output			
Output Power Capacity	500VA / 250 W	800VA / 400W	1200VA / 600W
Nominal Output Voltage	230V		
Voltage Regulation	± 10% @ input range		
Number of Outlets	3		
Outlet Type	India		
Input			
Nominal Input Voltage	230V		
Input Voltage Range	160V to 284V		
Frequency	50Hz ± 5Hz		
Plug Type	India		
Cord Length	1 meter		
Surge Protection			
AVR & Surge Protection	All outlets		
Joule Rating	148 Joules		
Physical			
Unit Dimensions (W x H x D)	180 x 95 x 119 mm		210 x 110 x 132 mm
Unit Weight	1.60 kg	2.05 kg	3.05 kg
Color	Black		
Environment			
Noise level	< 40 dB		
Operating Temperature	32°F to 104°F / 0°C to 40°C		
Humidity	0-90% relative humidity (non-condensing)		
Warranty and Compliance			
Warranty	2 Years
