Reliable and Safe Protection

Lightning and power surges can destroy unprotected electronic equipment. Voltage fluctuations can cause keyboard lockups, loss of work and will degrade electronics over time.

The new APC SurgeArrest PM5 series is guaranteed to protect your home and office electronics from the constant threat of dangerous power disturbances.

The PM5U-VN offers 2 USB ports for safe charging of all USB enabled devices, including smartphones, tablets, and digital cameras.

2 USB Ports (PM53U-VN)

Provides 2.4A of convenient charging power for your mobile devices including tablets. Smart charging recognizes your devices and maximizes charging speed.

Multi-stage surge protection

circuitry ensures protection is guaranteed for life. All three power modes (L-N, L-G, N-G) are protected

EMI/RFI noise filter

protects from electromagnetic and radio frequency interference, maintains AV quality and prevents keyboard lockups

Wall-mount holes

Allow for easy installation on a wall

180 degree rotating cord management

Allows for flexible placement in tight space

Children safety shutters

Protect users from accidental contact with unused outlets

Surge Protection LED

Illuminates when the APC SurgeArrest is on and supplying conditioned utility power to the plugged-in equipment
